FOREIGN DELEGATES SUPPORT UNIFICATION STRUGGLE

SK160029 Pyongyang KCNA in English 2220 GMT 15 Sep 83

[Text] Pyongyang, 15 Sep (KCNA)--Delegations and delegates of various countries which had attended the celebrations of the 35th anniversary of the DPRK founding expressed full support with the policies of national reunification set forth by the great leader Comrade Kim Il-song and demanded the withdrawal of the U.S. troops from South Korea.

Mohammad Yazdi, head of the delegation of the Islamic Consultative Assembly of the Islamic Republic of Iran, said after inspecting Panmunjom: We hope that Korea will be reunified without foreign interference. The United States must withdraw from South Korea.

Guy Bernet, head of the delegation of the International Liaison Committee for the Independent and Peaceful Reunification of Korea, said: Through the inspection of Panmunjom we could see well the sufferings and misfortunes of the Korean people caused by division. This tragedy results from the occupation of South Korea by the U.S. imperialists.

Noting that the reunification of Korea should be realised in accordance with the proposal for founding the Democratic Confederal Republic of Koryo advanced by the great leader Comrade President Kim Il-song, he demanded the U.S. imperialists to withdraw from South Korea at once.

Gomina Sanni Mama, head of the Benin party and government delegation, stated that the policy of national reunification put forward by the great leader of the Korean people President Kim Il-song is entirely just. The Korean reunification will surely be realised, he added.

Declaring that the Benin people and the progressive peoples of the whole world oppose the enemy's scheme to convene the Inter-Parliamentary conference in Seoul, he stressed: It is a common cause of the world people loving justice and peace to support the Korean people's struggle for reunifying the country divided by the U.S. imperialists.

The U.S. imperialists must withdraw from South Korea at an early date, he said, and declared: The Benin Government and people express active support to the Korean people's struggle for national reunification.

The proposal for national reunification clarified by the great leader President Kim Il-song is wholly justifiable, said Hans Koechler, head of the delegation of the International Progress Organisation in Austria. He stated that this proposal is enjoying full support of the progressive people the world over.

Korea must be reunified through the founding of the Democratic Confederal Republic of Koryo, he stressed.

After seeing the concrete wall built along the whole length of the military demarcation line by the U.S. imperialists and the South Korean puppet clique, foreign delegations and delegates said in unison that this is a product of the "two Koreas" plot of the U.S. imperialists and South Korean puppet clique and the main obstacle to the reunification of Korea is the occupation of South Korea by the U.S. imperialists.

BEIJING RADIO COMMENTS ON KOREAN UNIFICATION

SK190822 Pyongyang KCNA in English 0811 GMT 19 Sep 83

[Text] Beijing, 16 Sep (KCNA)--Radio Beijing on September 15 aired an article supporting the Korean people's just cause of national reunification.

Noting that the Workers' Party of Korea and the Government of the Democratic People's Republic of Korea have made consistent efforts for more than 30 years against foreign interference and for the independent and peaceful reunification, it said:

President Kim Il-song at the banquet celebrating the 35th anniversary of the DPRK founding on September 9 this year clarified once again that the proposal for founding the Democratic Confederal Republic of Koryo is the most fair and realistic one which can bring about national reunification in an independent and peaceful way under the present situation of Korea.

It would be reasonable, he said solemnly, that as the unified government of the confederal state, the Supreme National Confederal Assembly and the Confederal Standing Committee elect their respective co-chairmen both from the North and South, who will run these bodies in turn.

His important speech shows once again that the WPK and the DPRK Government have made consistent efforts for the independent and peaceful reunification of the country and have a high sense of responsibility for the country and the nation.

The division of Korea is entirely a result of the U.S. interference in the internal affairs of Korea. The U.S. Government must stop all its interference in the internal affairs of Korea and military aid to the South Korean authorities and withdraw all its troops from South Korea.

The independent and peaceful reunification of Korea not only accords with the basic interests of the Korean nation but also carries weighty importance in defending peace in Asia and the world.

The Chinese Government and people invariably and resolutely support the Korean Government and people in their struggle for the independent and peaceful reunification of the country.

INTER-KOREAN AFFAIRS

REPORTAGE ON CONDEMNATION OF SEOUL IPU CONFERENCE

Seoul Venue Criticized

SK200823 Pyongyang KCNA in English 0801 GMT 20 Sep 83

[Text] Pyongyang, 20 Sep (KCNA)--Foreign media recently published articles denouncing the scheme of the U.S. imperialists and the Chon Tu-hwan puppet clique to hold the 70th conference of the Inter-Parliamentary Union in Seoul.

The Malagasy ANTA News Agency in its recent commentary titled "Principled Stand Must Be Taken Toward 70th Inter-Parliamentary conference" said: An increasing number of countries manifest their stand to boycott the Seoul conference. This is because South Korea is a complete colony which is most thoroughly dependent on the United States in military, political, economic and cultural fields among its colonies and an area where human rights are trampled underfoot most ruthlessly in the world. It is also because the United States and the South Korean puppet clique are scheming to use the 70th conference in hastening the creation of "two Koreas" and concealing their new war provocation manoeuvres.

The Italian paper PAESE SERA in a commentary September 5 exposed the present situation of South Korea in the raw. It recalled that many Third World countries have decided to boycott the 70th Inter-Parliamentary conference and a number of political parties decided not to send their delegates to Seoul.

Under such condition it is meaningless to hold the conference in Seoul, the commentary noted, and stressed: It is reasonable to choose another place for its venue.

The Nepalese paper PRERNA recently pointed out that South Korea is unfit for the conference because it is a colony and military base of the United States.

Another Nepalese paper RASEUTRANIRMAN September 4 warned that the member nations of the IPU must not fall a victim to the political intrigues of the imperialists.

World Student on Forum

SK200833 Pyongyang KCNA in English 0810 GMT 20 Sep 83

[Text] Pyongyang, 20 Sep (KCNA)--The secretariat of the International Union of Students considers that Seoul is unfit for the convocation of the 70th conference of the Inter-Parliamentary Union and opposes all the attempts to create "two Koreas" by abusing an international organization, not to speak of talks in Seoul, declared the IUS secretariat in its solidarity letter to the Central Committee of the League of Socialist Working Youth of Korea and the Korean Students Committee in connection with the scheme of the U.S. imperialists and the South Korean puppet clique to hold the 70th conference in Seoul.

The letter said: The United States and the South Korean "regime" are leaving no stone unturned in their bid to hold the 70th conference of the IPU in Seoul, South Korea, in October this year.

This reflects the political intrigues of the U.S. imperialists and the South Korean puppets to have South Korea, a colony of the United States, recognized internationally as an "independent state" and, furthermore, create "two Koreas."

Convening the conference in South Korea means laying another obstacle to Korea's reunification and totally destroying the source of peace in this region.

Congolese Lawmaker

SK200430 Pyongyang KCNA in English 0359 GMT 20 Sep 83

[Text] Pyongyang, 20 Sep (KCNA)--Dzabatou Babeaux Michel, first secretary of the Congolese People's National Assembly, declared that the Congo opposes the Seoul conference. If the 70th conference of the Inter-Parliamentary Union was held in Seoul, it would leave a shameful stain on the history of the union, he said.

Pointing out that the scheme to hold the conference in Seoul is an intrigue of the imperialists to create "two Koreas," he said: it is against the idea of the union to hold its conference in Seoul despite the opposition of the parliaments of many countries.

The Standing Committee of the Supreme People's Assembly hosted a reception for a delegation of the Congolese People's National Assembly headed by him on the evening of September 19.

Vice-Chairman Son Song-pil and head of the delegation Dzabatou Babeaux Michel made speeches at the reception.

The Korean people, said Vice-Chairman Son Song-pil, sincerely rejoice at their own at the successes made by the courageous and industrious Congolese people in the work for achieving the unity and cohesion of the party and the economic independence of the country under the correct leadership of President Denis Sassou Nguesso and wish your people greater successes in their future struggle.

Our people are proud of having such true friends as the Congolese people on the African continent and will make every effort possible in the future to continue to expand and develop the friendly and cooperative relations between the two countries in many fields, he stressed.

Dzabatou Babeaux Michel spoke next. Noting that an unstable and serious situation has been created on the Korean Peninsula today, he said: This is a result of the aggressive and bellicose policy of the United States towards the people who love freedom and peace, justice and progress.

The Congolese People's National Assembly, he went on, strongly denounces the U.S. imperialists who, keeping South Korea under their military occupation, are framing constant intrigues against the Korean people, seeking a permanent division of Korea.

The attendants of the reception toasted the good health and long life of the great leader Comrade Kim Il-sung, the good health and long life of the dear leader Comrade Kim Chong-il, and the good health and long life of respected President Denis Sassou Nguesso.

The reception was attended by chairman of the SPA Standing Committee Yang Hyong Sop and personages concerned.

Mindan Members Comment

SK190439 Pyongyang KCNA in English 0337 GMT 19 Sep 83

[Text] Pyongyang, 19 Sep (KCNA)--The Japan headquarters of the "National Congress for the Restoration of Democracy in South Korea and the Promotion of Unification" (Hanmintong), a Koreans' organization under the influence of the "ROK Residents Association in Japan" ("Mindan"), recently made public a statement denouncing the scheme of the U.S. imperialists and the South Korean puppet clique to hold a conference of the Inter-Parliamentary Union in Seoul.

The statement says: The Chon Tu-hwan "regime" is a military fascist group which deprives the people of freedom and democracy, contrary to the spirit of the IPU. The Chon Tu-hwan group slaughtered Kwangju citizens in cold blood to seize "power." Its wound still remains on the hearts of many South Korean people.

The solution of disputes and disarmament will be the main agenda items of the forthcoming IPU conference. But the present Chon Tu-hwan dictatorial "regime" is going on the rampage in war preparations, increasing military expenditure.

The scheme to convene the IPU conference in Seoul in spite of this will only put the IPU on the altar of the repressive policy and war policy of the Chon Tu-hwan "regime."

Chon Tu-hwan is desperately trying to use the Seoul conference of the IPU for his dictatorship and war policy and policy of perpetuating division and the United States and Japan, in league with Chon Tu-hwan are campaigning for the opening of the Seoul conference to maintain their control on South Korea.

Japanese Demand Change

SK181052 Pyongyang KCNA in English 1040 GMT 18 Sep 83

[Text] Pyongyang, 18 Sep (KCNA)--A lecture titled "On the Present South Korean Situation and the Seoul Conference of the IPU" was given at a lecture meeting on the Korean question held in Tokyo on September 14 under the sponsorship of CHOSON SINBO.

Kogen Nosaka, vice-chairman of the special committee for measures on the Korean affairs of the Japan Socialist Party and member of the House of Representatives of Japan, said that Seoul of South Korea under the occupation of the U.S. imperialists where tensions are growing owing to the war provocation manoeuvres of the U.S. imperialists and the Chon Tu-hwan puppet clique and the freedom and human rights of the people are ruthlessly violated cannot be the venue of an Inter-Parliamentary conference which would discuss the questions of peace, disarmament, democracy and human rights. He recalled that the Japan Socialist Party had already decided not to participate in the Seoul conference of the Inter-Parliamentary Union.

Saying that to support the independent and peaceful reunification of Korea means truly respecting peace, democracy and human rights, he said: We will appeal to the parliamentarians of all countries to actively strive for the independent and peaceful reunification of Korea.

Mitsugu Watanabe, communist member of the House of Representatives of Japan, exposed the intrigues of the U.S. imperialists and the South Korean puppet clique in having Seoul designated as the venue of the conference in defiance of the strong opposition of the delegates of many countries affiliated with the Inter-Parliamentary Union.

Pointing out in unison that the scheme of the U.S. imperialists and the Chon Tu-hwan puppet clique to hold the Inter-Parliamentary conference in Seoul is aimed at painting South Korea as "an independent state" and fabricating "two Koreas" through the conference, many figures including critic Haruo Fujii stressed that Parliamentarians of all countries should demand a stop to the plan to hold the Seoul conference or a change of its venue.

Malagasy Official Reiterates Boycott

SK160431 Pyongyang KCNA in English 0343 GMT 16 Sep 83

[Text] Pyongyang, 16 Sep (KCNA)--A solidarity letter came from Lucien Xavier Michel Andrianarahinjaka, chairman of the People's National Assembly of the Democratic Republic of Madagascar, to Yang Hyong-sop, chairman of the Standing Committee of the Supreme People's Assembly, which reiterated the stand of the Democratic Republic of Madagascar resolutely opposing the 70th conference of the Inter-Parliamentary Union slated in Seoul.

The letter says: At the spring meeting of the IPU council held in Finland the People's National Assembly of the Democratic Republic of Madagascar was the first to raise the question of changing the venue of the 70th IPU conference scheduled in Seoul in October.

At the meeting we formally proposed to the council that it is illegal to hold the conference in Seoul because the situation of South Korea is very complicated.

Our stand enjoyed the active support of socialist countries and progressive countries, friends of Madagascar.

For the long-standing relations of friendship and cooperation between the peoples of our two countries and for the intimacy between the great leader Comrade President Kim Il-song and Comrade President Didier Ratsiraka we reaffirm you of the stand of our People's National Assembly in resolutely opposing the 70th conference slated in Seoul. We will always adhere to the only stand of not sending any delegation to the conference.

Our People's National Assembly supports the heroic and legitimate struggle of the fraternal Korean people to reunify Korea independently and peacefully in accordance with the proposal for founding the Democratic Confederal Republic of Koryo.

Japanese Groups Oppose Conference

SK161107 Pyongyang KCNA in English 1017 GMT 16 Sep 83

[Text] Pyongyang, 16 Sep (KCNA)--Japanese organisations and personages recently issued statements and adopted resolutions opposing the holding of the Inter-Parliamentary conference in Seoul.

The Tokushima Prefectural People's Council for supporting the independent and peaceful reunification of Korea in a statement denounced the U.S. imperialists and the Chon Tu-hwan puppet clique for having schemed to have Seoul "designated" as the venue of the conference despite the opposition of many member nations, in disregard of the usage of the Inter-Parliamentary Union.

Noting that an increasing number of parliamentarians in capitalist countries have expressed their will not to attend the conference, the statement opposed the participation of the Japanese delegation in the conference and strongly urged all political parties and organisations to join in actions against the hosting of the conference in Seoul.

The National Council of the Socialist Youth Union of Japan stressed that Seoul is wholly unfit for the convocation of the conference. It determinedly condemned the Chon Tu-hwan puppet clique for trying to use the conference in its political aim to have its "regime" legalized internationally.

Many organisations in Hyogo Prefecture, including the Hyogo Prefectural People's Council for supporting the independent and peaceful reunification of Korea, the Hyogo Prefectural Youth and Student Committee for Supporting the Independent and Peaceful Reunification of Korea, the Council of Nishikobe Citizens for Supporting the Independent and Peaceful Reunification of Korea, the Council of Higashikobe Citizens for Supporting the Independent and Peaceful Reunification of Korea and the Hyogo Prefectural Women's Society for Thinking of Korean Affairs, and many city assemblymen, university professors and other scholars, men of the press, lawyers, artists, educationists, religionists and company clerks, more than 100 all told, issued a statement in joint name. In the statement they said that it is deceptive indeed to discuss ways for solving the issues of decolonisation, human rights and disputes in South Korea, a colony of the United States and the worst, dark zone of human rights violation in the world, where nuclear weapons are deployed and the danger of war is increasing daily.

A resolution adopted at the 34th regular Saitama District meeting of the All-Japan Telecommunication Workers' Union strongly demanded representatives of Japanese Dietmen not to attend the IPU conference and expressed the determination to fight shoulder-to-shoulder with the Korean people for the cause of independent and peaceful reunification of Korea.

A resolution adopted at the committee for expanding the struggle of the Union of High School Teachers in Chiba Prefecture said:

The governments and political parties of all countries should clearly realize that to attend the IPU conference scheduled in South Korea is tantamount to supporting the United States' "two Koreas" plot, moves to form a U.S.-Japan-South Korea trilateral military alliance, and war provocation moves.

Resolutions were also adopted by the Osaka City, Japan, Confederation of Trade Unions and by the Kyoto Prefectural Committee for Supporting the Independent and Peaceful Reunification of Korea.

Austrian Request

SK140439 Pyongyang KCNA in English 0406 GMT 14 Sep 83

[Text] Pyongyang, 14 Sep (KCNA)--The delegation of the International Progress Organisation in Austria headed by Prof. and Dr. Hans Koechler, its president, on a visit to our country to attend celebrations of the 35th anniversary of the founding of the Democratic People's Republic of Korea was interviewed by a Korean Central News Agency reporter in Pyongyang on September 12.

Noting that Seoul is unfit for the convocation of the Inter-Parliamentary conference, Hans Koechler said: This is because South Korea is not an "independent state" but an out-and-out colony of the U.S. imperialists and an area where human rights are most ruthlessly obliterated under the fascist tyranny.

The U.S. imperialists have shipped into South Korea large quantities of lethal weapons including nuclear weapons and are hell bent on the new war provocation manoeuvres.

The moves of the imperialists and the South Korean puppet clique to hold the Inter-Parliamentary conference in Seoul are aimed to impose permanent misfortunes and sufferings upon the Korean people by painting South Korea as an "independent state" and fixing the division of Korea.

Countries which respect democracy and human rights and sincerely desire the reunification of Korea must not attend the Seoul conference of the Inter-Parliamentary Union.

He further said: In his speech at a banquet celebrating the 35th anniversary of the founding of the Democratic People's Republic of Korea, the great leader President Kim Il-song reclarified the stand of the government of the DPRK on reunifying the country by means of establishing the Supreme National Confederal Assembly and the Confederal Standing Committee, its permanent body, in which the North and South are represented on an equal footing and under which they exercise regional autonomy respectively, on condition that the two sides retain their ideologies and systems as they are.

This proposal is the most idealistic and democratic one for the independent and peaceful reunification of Korea.

International Committee Denounces Venue

SK141050 Pyongyang KCNA in English 1038 GMT 14 Sep 83

[Text] Pyongyang, 14 Sep (KCNA)--Lucio Luzzato, president of the International Liaison Committee for the Independent and Peaceful Reunification of Korea, issued a statement on September 1, in which he said that the parliaments of all countries must not send their delegations to Seoul and the unjust "designation" of Seoul as the venue of the conference must be abrogated.

The decision on holding the 70th Inter-Parliamentary conference in Seoul in defiance of the opposition of many delegates shows that the conference will not be beneficial to the IPU and, further, will not be a genuine conference, the statement said.

The IPU conference must not be held in South Korea which is ruled by the United States and its military bases, the statement stressed, and continued:

The designation of Seoul as the venue of the conference is totally contradictory to the aim of understanding, peace and security among the peoples which has always been upheld by the Inter-Parliamentary Union, and such acts of the United States create difficulties to the independent and peaceful reunification of Korea.

Chuche Seminar on Meeting

SK131506 Pyongyang KCNA in English 1506 GMT 13 Sep 83

[Text] Pyongyang, 13 Sep (KCNA)--The attendants of a seminar of chuche idea study delegates of various countries on "Let Us Advance Under the Banner of Marxism-Leninism and the Chuche Idea," a treatise of Comrade Kim Chong-il, which was held in Pyongyang under the auspices of the International Institute of the Chuche Idea, issued a statement denouncing the scheme of the U.S. imperialists and the South Korean puppets to hold the 70th conference of the Inter-Parliamentary Union in Seoul.

Sternly denouncing their scheme as an unpardonable criminal move designed to keep Korea divided into two forever, the statement says: South Korea today is a complete colony of the U.S. imperialists and the Chon Tu-hwan military fascist "regime" is a marionette moving under the manipulation of the U.S. imperialists which is devoid of any independence or sovereignty, and the so-called "national assembly" in South Korea is nothing but a camouflage for concealing the colonial fascist rule of U.S. imperialism.

We strongly denounce the scheme of the U.S. imperialists and their stooges to use the 70th IPU conference in realizing their "two Koreas" plot and painting South Korea as an "independent state."

If such an international conference as the IPU conference which should redound to world peace and people's friendship is held in South Korea despite the protest of the world's unbiased public opinion and people, it will result in conniving at and facilitating the colonial fascist rule and harsh suppression of the U.S. imperialists and the Chon Tu-hwan puppet clique and their "two Koreas" plot and new war provocation moves. This will be an occurrence unprecedented in the nearly 100 year long history of the IPU.

We appeal to all countries of the world to oppose and reject the scheme of the U.S. imperialists and the South Korean puppet clique to hold the 70th IPU conference in Seoul and not to attend the conference, for the peaceful reunification of Korea, for peace in Asia and the rest of the world and for defending the noble idea of the IPU.

INTER-KOREAN AFFAIRS

ADDITIONAL REPORTAGE ON CONDEMNATION OF SEOUL IPU CONFERENCE

Japanese Groups

SK291046 Pyongyang KCNA in English 1023 GMT 29 Sep 83

[Text] Pyongyang, 29 Sep (KCNA)--Riichiro Aikawa, chief director of the Japan-Korea Trade Association, recently sent a letter to the secretary general of the Inter-parliamentary Union demanding the change of the venue of the 70th Inter-Parliamentary Conference.

I am very much afraid, he said, that the designation of Seoul as the venue of the conference in spite of the disagreement of many countries may have a negative effect on peace and security in the Korean peninsula and will not contribute to the continuous efforts of the Korean people for the reunification.

A statement was issued in joint name by the councils for defending the human rights of Koreans in Japan in Tokyo Metropolis, Kanagawa Prefecture, Chiba Prefecture, Hokkaido, Miyago Prefecture, Shizuoka Prefecture, Aichi Prefecture, Kyoto Prefecture, Osaka Prefecture, Hyogo Prefecture, Kochi Prefecture, Fukuoka Prefecture and Nagasaki Prefecture, Japan, denouncing the scheme of the U.S. imperialists and the Chon Tu-hwan puppet clique to hold the 70th Inter-Parliamentary Conference in South Korea.

This scheme, said the statement, is aimed at making fait accompli "cross recognition", a part of the criminal "two Koreas" policy of the United States.

Those in Chiba Prefecture who had visited Korea, in their statement, demanded that the conference be held at a place suitable to the aim of the founding of the Inter-parliamentary Union.

The Osaka Employees Union, in its statement, noted that the ulterior aim of the scheme of the U.S. imperialists and the Chon Tu-hwan puppet clique to hold the conference in Seoul is to deliver themselves out of international isolation. The attendance at the conference would mean to obstruct the independent and peaceful reunification of Korea and tolerate the U.S. imperialists "two Koreas" scheme.

The Chiba Prefectural Women's Society of Solidarity with the Korean Women and the Chiba Prefectural headquarters of the Japan Women's Society issued a joint statement, the executive committee of the Hyogo Prefectural High School Teachers Union and the Osaka branch of the Japan National Railway Workers Union published statements and the Hyogo Prefectural Japan-Korea Youth and Student Solidarity Committee, an appeal denouncing the manoeuvres of the U.S. imperialists and the Chon Tu-hwan puppet clique to hold the IPU conference in Seoul.

Japanese critics Yoshihisa Kajitani, Haruo Fujii, Kyushiro Kusakaba and Nobuo Nakagawa, historians Shinichi Takahashi and Tomio Nora, writer Kaoru Kataoka, stage director Tachio Miyahara, and university professors, 42 in all, issued a statement in joint name on September 22, in which they declared that Seoul is unfit for a conference of the Inter-parliamentary Union.

Arab Lawyer's Union

SK281010 Pyongyang KCNA in English 0825 GMT 28 Sep 83

[Text] Cairo, 26 Sep (KCNA)--In its recent appeal the Arab Lawyers' Union called for organizing various activities so that parliamentarians of all countries may not attend the 70th conference of the Inter-parliamentary Union.

The appeal says:

We bitterly denounce the U.S. imperialists for having woven a political intrigue to have Seoul of South Korea designated as the venue of the 70th IPU conference in disregard of the strong opposition of many member nations of the IPU.

South Korea is a complete colony and military base of the United States and a place where the human rights are most harshly violated.

The parliamentarians of all countries of the world should unite their efforts to check and frustrate the imperialists' moves to hold an international conference in South Korea.

All parliamentarians should take joint action to help the Korean people reunify the country.

Various Foreign Groups

SK281001 Pyongyang KCNA in English 0809 GMT 28 Sep 83

[Text] Pyongyang, 28 Sep (KCNA)--An emergency meeting was held on September 21 at the Austrian Jurists' Union for the defence of democracy and human rights in South Korea in denunciation of the scheme of the U.S. imperialists and their allies to hold the conference of the Inter-parliamentary Union in Seoul.

Speaking at the meeting, Dr Friedebert Kollmann, of democracy and human rights in South Korea, stressed:

The South Korean military dictatorial "regime" is a marionette rigged up by U.S. imperialism and South Korea can never be an independent and sovereign state.

The South Korean "regime" is a conglomeration of most vicious fascist dictators and human rights and democracy are trampled underfoot most ruthlessly in South Korea.

An appeal to the parliaments and their members of all countries in the world, which was adopted at the meeting called upon all the peaceloving people of the world to denounce by all means the moves of the U.S. imperialists and their allies to hold the 70th conference of the IPU in Seoul and upon the parliamentarians of all countries not to attend the conference.

A mass meeting was held on September 17 at the Kurku branch of the Finland-Korea Association against the manoeuvres of the U.S. imperialists and the South Korean puppet clique to hold the 70th IPU conference in Seoul.

A statement which was adopted at the meeting noted that by using the 70th conference of the IPU the U.S. imperialists try to cover up their moves of aggression and war and raise the international "position" of the South Korean puppets.

The statement appealed to the parliaments of all countries including the Finnish parliament not to send any delegation to South Korea.

In its statement the United Labor Party of Dominica decisively rejected the "decision" to hold the 70th IPU conference in South Korea and denounced the U.S. imperialists and the Chon Tu-hwan clique for trying to use the conference for their foul political purpose.

The Jordanian Peace and Solidarity Committee in its statement said that through the conference the United States and its followers scheme to step up the "two Koreas" plot and cover up their new war provocation manoeuvres.

The group for the study of the chuche idea of President Kim Il-song in Vienna said in its statement that South Korea is an out-and-out colony of the U.S. imperialists and it is natural that many countries decided not to attend the IPU conference slated in Seoul.

Campaigns in Japan, France

SK280420 Pyongyang KCNA in English 0330 GMT 28 Sep 83

[Text] Pyongyang, 23 Sep (KCNA)--Signature campaigns calling for boycotting the 70th conference of the Inter-parliamentary Union slated in Seoul started in France and Japan.

At the recent festival of L'HUMANITE, organ of the French Communist Party, citizens of Paris and La Courneuve participated in a signature campaign

demanding the removal of the increasing danger of nuclear war on the Korean peninsula, the immediate withdrawal of the U.S. troops from South Korea and the realisation of the independent and peaceful reunification of Korea and denouncing the plot of the Chon Tu-hwan puppet clique to host the 70th IPU conference in Seoul.

Meanwhile, 31 personages affiliated with the Japan Teachers Union including Motofumi Makieta, chairman of its central executive committee, Toshio Higashitani, chairman of the central executive committee of the Osaka Teachers Union, and Haruo Machita, chairman of the central executive committee of the Hokkaido Teachers Union, formed the secretariat of a signature campaign against the convocation of the inter-parliamentary conference in Seoul and started the campaign.

Finnish Democratic Group Not To Attend

SK272239 Pyongyang KCNA in English 2207 GMT 27 Sep 83

[Text] Pyongyang, 23 Sep (KCNA)--The parliamentary group of the Finnish People's Democratic League on September 22 decided not to send its delegate to the 70th conference of the Inter-parliamentary Union slated in Seoul.

Speaking at a meeting of the Finnish parliamentary group on September 23, members of the parliament Terho Pursiainen and Arvo Kemppainen proposed to boycott the 70th conference of the Inter-parliamentary Union slated in Seoul.

Overseas Korean Body

SK271620 Pyongyang KCNA in English 1523 GMT 27 Sep 83

[Text] Pyongyang, 27 Sep (KCNA)--The European headquarters of the "Union of Overseas Koreans for Democracy, Nation and Unification" ("HANMINNYON"), an overseas compatriots organisation, recently sent an appeal to parliamentarians of all countries of the world in connection with the scheme of the U.S. imperialists and their stooges to hold the 70th conference of the Inter-parliamentary Union in Seoul, according to a report.

The appeal stressed that the South Korean "National Assembly" plays only the role of the maid-servant of the real dictators there, opposition parties are virtually banned and those criticizing the ruling system are persecuted.

Hoping that the IPU member nations would not accept only the official announcement of the military "regime," the appeal called upon them to realise the political situation of South Korea and see how democracy is trampled underfoot in South Korea.

Nations Boycotting Seoul IPU

SK270459 Pyongyang KCNA in English 0430 GMT 27 Sep 83

[Text] Pyongyang, 27 Sep (KCNA)--Today when the world's progressive people are lifting up their voices sternly denouncing the intrigues of the U.S.

imperialists and Chon Tu-hwan puppet clique to use the 70th conference of the Inter-parliamentary Union for their sinister political purpose to create "two Koreas," more and more member nations of the IPU are clarifying their stand not to attend the Seoul conference.

Socialist countries such as Bulgaria, Cuba, the German Democratic Republic, Vietnam, Yugoslavia, Poland, the Soviet Union, Czechoslovakia, Mongolia and Albania and many non-aligned countries and Third World countries including Madagascar, Zimbabwe, Benin, Mozambique, Guinea, Mali, Rwanda, Uganda, Zambia, Algeria, the Congo, Sierra Leone, Togo, Democratic Yemen, Guyana and Nicaragua decided not to attend the 70th IPU conference slated in Seoul.

These countries justly consider that if they attend the IPU conference to be held in South Korea where human rights and democracy are ruthlessly trampled underfoot and which has been turned into a complete colony and military base of the U.S. imperialists, they will fall victim to the political intrigues of the U.S. imperialists and Chon Tu-hwan puppet clique and it will help their criminal plot to perpetuate the division of Korea.

This is why progressive countries of the world which value justice and peace decisively refused to attend the Seoul conference, declaring that Seoul is unfit for the convocation of the IPU conference.

The Southwest Africa People's Organisation and the Palestine Liberation Organisation which have regularly attended the IPU conferences as observer organisations also decided not to attend the Seoul conference, branding South Korea as a colony of the U.S. imperialists.

The Japan Socialist Party, the Japan Communist Party, the French Communist Party, the Venezuelan Communist Party, the Communist Party of India, the Communist Party of India (Marxist), the Portuguese Communist Party, the Left Party Communists of Sweden, the Party of Green of the Federal Republic of Germany, the Swiss Progressive Organisation, the Swiss Independent Socialist Party, the Irish Workers' Party and many other progressive political parties of various countries of the world expressed the stand not to send their parliamentarians to the 70th IPU conference as long as it is held in Seoul.

The Japan Socialist Party declared it would not send its parliamentarians to the Seoul conference, saying that the suppression of democratic movement by the Chon Tu-hwan military "regime" and its military action menacing peace are totally contradictory to the spirit of the Inter-parliamentary Union aspiring after world peace and democracy and accordingly, Seoul is unfit for the convocation of the IPU conference.

Fourteen parliamentarians from the Democratic Party, the National Congress Party, the Lok Dal Party, the Communist Party, the Communist Party (Marxist), the Democratic Socialist Party, the DMK Party, the Progressive Party and the Socialist Revolutionary Party of India issued a joint statement strongly rejecting the 70th IPU conference whose venue was chosen as Seoul due to the political intrigues of the U.S. imperialists and strongly demanding the IPU to change the venue of its conference to a place where all the member nations could attend.

The secretariat of the Central Committee of the Portuguese Communist Party in a statement stressed that a conference must not be held in South Korea where more than 40,000 U.S. troops are stationed, nuclear missiles and various other lethal weapons are deployed and the barbarous and sanguinary fascist dictatorship is enforced.

Members of the chamber of deputies and senate from the Socialist Popular Party, the Unified Socialist Party and the Workers' Socialist Party of Mexico issued a joint statement declaring that South Korea cannot be a venue to the IPU conference as it is a colony of the United States and they would not attend the 70th IPU conference slated in Seoul because the aim to hold it in Seoul is to realize the "two Koreas" plot and raise the "international position" of the South Korean "regime" maintained with the backing of the United States.

The U.S. imperialists and South Korean puppet clique resorted to the dastardly moves to invite even non-member nations to South Korea and conducted "admission operation" on the threshold of the Seoul conference, but more than 20 countries decisively rejected them and expressed the stand not to send any delegation to the Seoul conference.

At the same time, broad political and public circles of the world are also exposing and denouncing the moves of the U.S. imperialists and South Korean puppet clique to hold the 70th IPU conference in Seoul and use it for their sinister political purpose.

More than 10 international organisations including the Afro-Asian People's Solidarity Organisation and the International Progress Organisation in Austria, political parties, social organisations, organisations for the friendship and solidarity with the Korean people and individual personages of more than 70 countries including the General Council of Trade Unions of Japan, the Democratic Popular Union of France, the Danish Communist Party, the Norwegian Communist Party, the Malian Committee for Supporting the Independent and Peaceful Reunification of Korea and the Malian Peace Committee opposed and rejected the Seoul conference through their statements, appeals, resolutions, talks and meetings, saying that the scheme to hold it in Seoul is part of the "two Koreas" plot of the U.S. imperialists and South Korean puppet clique.

They said that in making desperate efforts to hold the 70th IPU conference in Seoul the U.S. imperialists intend to make it appear as if the Chon Tu-hwan puppet clique enjoyed some "international support" and South Korea were an "independent state" and thus lull the South Korean people's anti-U.S. struggle for independence and their anti-fascist struggle for democracy and tide over the crisis of their colonial rule.

Protesting against the fact that in disregard of the usage Seoul of South Korea where democracy and human rights are totally violated, fascist repression has its way, powder-reeking war racket is ceaseless and which is destitute of National Assembly or parliamentary politics in the true sense of the word was chosen as the venue of the IPU conference, the world public circles called upon the countries which value justice and peace not to send any delegation to the Seoul conference.

The world public opinion is expressing active support to our people's cause of national reunification, denouncing the scheme of the U.S. imperialists and South Korean puppet clique to hold the 70th IPU conference in Seoul.

Cuba declared that the decision of the Cuban party and government not to send their delegation to the 70th IPU conference would be a support to the Korean people and contribute to the cause of world peace and constitute a telling blow at the imperialists.

The presidency and assembly of the Socialist Federal Republic of Yugoslavia stressed that Yugoslavia would stand firm on the side of the Korean people all along in the struggle for national reunification, saying that Yugoslavia decided not to send any delegation to the 70th IPU conference.

Reaffirming militant support to the Korean people's cause of national reunification Didier Ratsiraka, president of the Democratic Republic of Madagascar, said that from this resolute stand Madagascar opposes the holding of the 70th IPU conference in Seoul of South Korea.

Linden Forbes Sampson Burnham, president of the Cooperative Republic of Guyana, stressed that the Guyanese party, government and people express full support to all the home and foreign policies advanced by the great leader Comrade Kim Il-song and the Korean people's struggle for the independent and peaceful reunification of the country and they would not send any parliamentary delegation to the 70th IPU conference slated in South Korea.

Many papers, news agencies and radios of the world are actively arousing the public opinion against the 70th IPU conference in Seoul.

The Japanese paper SHAKAI SHIMPO, the Malagasy paper ATRIKA, the Austrian paper WIENNER ZEITUNG, the Guyanese paper NEW NATION, the Peruvian paper EL OBSERVADOR and a greater number of other papers of the world exposed the nature of the schemes of the U.S. imperialists and South Korean puppet clique to hold the conference in Seoul and demanded its immediate stop under the titles "World Is Opposed to the 70th IPU Conference Slated in Seoul," "The Scheme To Hold the Conference in Seoul Should Be Given Up," "Seoul Is Unfit for the Convocation of the IPU Conference," "The U.S. Plot To Hold the 70th IPU Conference in Seoul" and so on.

As can be seen, today governments, parliaments, political parties, public organisations, prominent figures and broad segments of people of many countries of the world are joining in opposing and rejecting the holding of the 70th IPU conference in Seoul, transcending the differences in ideology, system and religious beliefs.

The worldwide movement of protest against the holding of the 70th IPU conference in Seoul shows that international solidarity with the just cause of our people is growing stronger with each passing day and the U.S. imperialists and South Korean puppet clique are being further isolated and rejected by the world people.

No matter how wild the U.S. imperialists and South Korean puppet clique may run, they cannot escape international isolation nor can they conceal their dirty colors.

Daily Urges IPU Members To Boycott

SK270023 Pyongyang KCNA in English 2257 GMT 26 Sep 83

[Text] Pyongyang, 26 Sep (KCNA)--"It Is To Connive at Sabre-rattling To Go to a Place Glamorous With It" is the headline of an article of NODONG SINMUN Monday.

Noting that many member nations of the Inter-parliamentary Union have issued statements in succession announcing their decision not to attend the Seoul conference of the union, the paper says:

This is because the participation in the Seoul conference would mean to recognise the Chon Tu-hwan fascist "regime", to be involved in the "two Koreas" policy of the U.S. imperialists and, furthermore, to give a tacit consent to the military occupation policy and war moves of the U.S. imperialists in Korea.

The author of the article continues:

The situation on the Korean peninsula is becoming more strained day by day and it is in an acute situation which may lead to the outbreak of war any moment due to the frantic war clamor of the U.S. imperialists and their stooges.

For the member nations of the Inter-parliamentary Union to go to South Korea under such circumstances would mean to turn a blind eye to the new war provocation moves of the U.S. imperialists and the South Korean military hooligans.

Anyone who wants to help in the peaceful reunification of Korea must not be embroiled in the machinations of the bellicose elements leading the situation to the brink of war.

Attendance at the Seoul conference would not be beneficial to the cause of peace either.

If a war broke out in Korea, it would easily expand outside the boundary of Korea and might turn into a nuclear war.

Under whatever name a sovereign and independent state may go to South Korea, the U.S. imperialists and their stooges would, no doubt, act with more reckless abandon, creating the false impression that their war moves are supported by anyone.

After all, participation in the Seoul conference, independent of the will of the attendants, would eventually result in helping in the war moves of the U.S. imperialists and their stooges.

The member nations should ponder over the possible effect of the Seoul conference on the interests of the Korean nation and world peace.

The national parliamentary unions which treasure justice and peace must not go to the conference scheduled in Seoul.

Overseas Koreans Condemn Seoul IPU

SK260937 Pyongyang KCNA in English 0815 GMT 26 Sep 83

[Text] Pyongyang, 26 Sep (KCNA)--The European headquarters of "Union of Overseas Koreans for Democracy, Nation and Unification" ("HANMINNYON"), an overseas Koreans' organisation, recently issued a statement in connection with the vicious scheme of the U.S. imperialists and the South Korean puppet clique to hold the 70th conference of the Inter-parliamentary Union in Seoul, according to a report.

Noting that the purpose of the IPU conference is to exchange views and promote friendship among parliamentarians of all countries for the development of democratic representative policies, the statement says:

The present Chon Tu-hwan "regime" which emerged after trampling underfoot the ardent desire of the people for democracy by force of arms is trying to obtain from outside the "legality of its power" which it failed to get from the people and thus use it as a means of threat to the people.

Noting that as the inter-parliamentary conference is slated in Seoul, "the democratic citizens are further suppressed," it strongly declared that "we oppose the Seoul conference of the Inter-parliamentary Union."

Irish Workers Party not To Attend

SK260027 Pyongyang KCNA in English 2211 GMT 25 Sep 83

[Text] Pyongyang, 26 Sep (KCNA)--The Irish Workers' Party makes it clear that its members of parliament will not attend the Seoul conference of the Inter-parliamentary Union.

So stressed the delegation of the Irish Workers' Party headed by General Secretary Sean Garland in its statement issued in Pyongyang on September 22 in denunciation of the scheme to hold the 70th conference of the IPU in Seoul.

Noting that the decision of the IPU to hold its conference in Seoul of South Korea is an insult to and mockery of all people of the world who aspire after human rights, democracy and freedom, it said:

The present Seoul "regime" is a tool of the U.S. imperialists for the execution of their colonial subjugation policy and is little different from the Pretoria regime of South Africa.

We firmly believe that if all the member nations of the IPU realise the true nature of the Seoul "regime" and have a reasonable thought, they will not attend the conference but hold it in a proper place.

The IPU must not be taken in by the scheme of the U.S. imperialists to have the South Korean "regime" recognized as a legitimate and democratic state and give it a status as such internationally.

We call upon the IPU to revoke the Seoul conference.

The Irish Workers' Party will make all efforts so that Irish parliamentarians from other political parties may not attend the conference.

JSP, Others Denounce Seoul's IPU

SK241027/ Pyongyang KCNA in English 1000 GMT 24 Sep 83

[Text] Pyongyang, 24 Sep (KCNA)—The Socialist Party and organisations of Japan held meetings and a lecture and adopted statements and resolutions against the convocation of the conference of the Inter-parliamentary Union in Seoul.

An Osaka meeting opposing the convocation of the inter-parliamentary conference in Seoul and demanding Kim Tae-chung's visit to Japan was held in Osaka on September 14 under the co-sponsorship of the Osaka Japan-Korea Joint Struggle Council and the Osaka District Trade Union Council. A lecture was given by critic Yoshihisa Kajitani at the meeting.

We, he said, oppose the convocation of the IPU conference in Seoul because Seoul is a place most unfit for it. The bloodbath in Kwangju is enough to show that the South Korean puppet regime is a military fascist "regime" which is utterly alien to peace and democracy, he pointed out, and added: The scheme to hold the conference in Seoul is an intrigue aimed at national split.

The meeting adopted a resolution opposing the convocation of the inter-parliamentary conference in Seoul. A resolution adopted at the 45th regular meeting of the Tottori prefectural headquarters of the Japan Socialist Party noted that the main purpose of the U.S. imperialists and the Chon Tu-hwan puppet clique in their desperate efforts to make Seoul the venue of the conference is to create "two Koreas" and demanded the Japanese Diet not to send its delegation to Seoul.

The 43d regular national meeting of the All-Japan Harbour Workers Union which was held recently against the convocation of the IPU conference in South Korea, a Kitami District meeting of the Youth for Japan-Korea Solidarity Supporting the Independent and Peaceful Reunification of Korea, the 131st Committee of the Tottori Prefectural branch of the All-Japan Telecommunication Workers' Union and a meeting of Kushiro Youth and Women for Japan-Korea Solidarity adopted resolutions and the Japan Women's Liaison Council for Solidarity With the Korean Women made a public statement.

Korean Group in U.S.

SK240827 Pyongyang KCNA in English 0808 GMT 24 Sep 83

[Text] Pyongyang, 24 Sep (KCNA)--The Society for the Unification in the United States, a Koreans' organization in the United States, recently sent a letter to the Inter-parliamentary Union opposing the convocation of its conference in Seoul, according to a report of SINHAN MINBO, a Koreans' newspaper published in the United States.

We strongly oppose the holding of the inter-parliamentary conference in Seoul and demand that it be held in another place, the letter stresses, and says: The Chon Tu-hwan "regime" is a fascist "regime" born of "bloodbath."

Under conditions of shocking suppression and murder, the "National Assembly" is deprived of its function and the fascist "regime" is nothing but a decoration for form's sake. At a press conference toward the end of August Chon Tu-hwan declared categorically "it is too early to call for a democratic reform." This means that democracy is unimaginable in the future either.

If your union held its conference in Seoul, it would be a mental support to outside forces to the fascist "regime", the chief obstacle to democratisation.

The letter demands the union not to do things obstructive to the democratisation and reunification in South Korea.

Austrian Chuche Group

SK231106 Pyongyang KCNA in English 1035 GMT 23 Sep 83

[Text] Pyongyang, 23 Sep (KCNA)--The group for the study of the chuche idea of President Kim Il-song in Austria issued a statement on September 15 lashing at the scheme to hold the 70th conference of the Inter-parliamentary Union in Seoul.

It pointed out that in this scheme the Chon Tu-hwan clique pursue the aim of creating "two Koreas."

If anyone attended the Seoul conference, consciously or unconsciously, said the statement, he might be used for the sinister purpose of concealing the policies of aggression and war of the imperialists and the Chon Tu-hwan gang of murderers and perpetuating the division of Korea.

The general secretary of the International League of Women for Peace and Freedom, in her talk on September 12, referred to the situation created on the Korean peninsula. Anyone must not do any act of any form which might be construed as one recognizing South Korea as an "independent state" but must oppose the division of Korea. She denounced the "decision" to hold the 70th conference of the Inter-parliamentary Union in Seoul.

KCNA ON SUPPRESSION OF STUDENTS IN S. KOREA

SK220502 Pyongyang KCNA in English 2202 GMT 21 Sep 83

[Text] Pyongyang, 21 Sep (KCNA)--The Chon Tu-hwan military fascist clique is ever more viciously intensifying the suppression of students with the approach of the international parliamentary conference.

The fascist clique recently held trials in succession and passed prison terms up to 2 years and 6 months upon Kim Ki-chong and Sin Song-chu, Yi Chae-won and three other students of Seoul University who took the lead in the anti-"government" demonstration and 2 years in prison upon Kim Chae-kap, student of the agricultural college of the university. The military fascists also arrested Kim Hong-so and Yi Chun-yop, students of Seoul University, O Yu-chin, Sin Sok-ho and Yun Song-Hwan, students of Sungjon University, Chong Chang-su and Sin Kwang-hun of Tongguk University and students of other universities and are suppressing and persecuting them.

Under the pretext of "poor school records" for the first semester of 1983 the fascist clique expelled or disciplined more than 3,400 students at Seoul, Koryo, Yonse and Sogang universities alone.

Crying about "strict control over extracurricular activities" of students, the fascist clique recently decided to apply more rigorous penalisation and inflict a prison term up to one year and a fine of up to 2 million won from October.

FOREIGN SOLIDARITY MEETINGS SUPPORT UNIFICATION

SK220506 Pyongyang KCNA in English 2206 GMT 21 Sep 83

[Text] Pyongyang, 21 Sep (KCNA)--A meeting for supporting an appeal which was adopted at the enlarged meeting of the Central Committee of the Democratic Front for the Reunification of the Fatherland was held recently in Copenhagen under the cosponsorship of the Denmark-DPRK Friendship Association and the Danish Committee for Supporting Korea's Reunification.

At the meeting the reporter and speakers stressed that the reunification of Korea should be realised on all accounts in accordance with the proposal for founding the Democratic Confederal Republic of Koryo advanced by the great leader Kim Il-song.

The meeting adopted a resolution, which strongly denounced the scheme of the U.S. imperialists to use the 70th conference of the Inter-parliamentary Union for their "two Koreas" plot.

At a meeting of solidarity with the Korean people which was held in the tourist school in Hallen of Norway, speakers unanimously declared that South Korea where democracy and human rights are ruthlessly trampled underfoot and the new war provocation manoeuvres are ever more undisguised is unfit for the convocation of the 70th IPU conference.

Placed on the platforms of the meeting halls were portraits of the great leader Comrade Kim Il-song.

The meetings adopted letters to the great leader Comrade Kim Il-song.

A mass meeting of solidarity with the Korean people was held in Calcutta under the sponsorship of the Calcutta, India, Committee to Support Korea's Reunification and a mass meeting for supporting the Korean people's cause of national reunification at the Kuopio branch of the Finnish People's Democratic League.

In a recent statement the Ghana Trade Unions Congress stressed that the U.S. imperialists and the South Korean puppet clique who are desperately stepping up the new war provocation manoeuvres and the "two Koreas" plot would surely be punished by the Korean people and the world's peaceloving people.

In an article issued in support of the Korean people's cause of national reunification Tanzanian public figure S. Hanga said the world's progressive people are convinced that the reunification of Korea would surely be realised under the wise leadership of President Kim Il-song and the progressive and patriotic people of South Korea would not stop their just struggle for reunification.

VRPR HAILS ACHIEVEMENTS OF KIM CHONG-SUK

SK271101 (Clandestine) Voice of the Revolutionary Party for Reunification in Korea to South Korea 1000 GMT 22 Sep 83

[Roundtable talk on the revolutionary achievements of Kim Chong-suk under the title "On the Sacred Road for National Liberation" from the "Today's Feature" Program--participants not identified]

[Text] [First speaker] How are you? Yesterday, 21 September, was the 34th anniversary of the death of Comrade Kim Chong-suk, an immortal and indomitable revolutionary fighter and the leader of the Korean women's movement. Greeting this day, our South Korean revolutionaries and people of all strata cherish the memory of Comrade Kim Chong-suk who devoted her lifetime only to the sacred struggle for national liberation and for the freedom and happiness of our people. So, today, I have invited you here to recall the immortal achievements of Comrade Kim Chong-suk in the sacred struggle for national liberation. Now let us discuss this.

[Second speaker] Born on 24 October 1917 at (Osan-ri), Hoeryong-up, Hoeryong-gun, North Hamgyong Province as a daughter in a poor family engaged in agriculture, esteemed Comrade Kim Chong-suk grew up with strong revolutionary spirit and embarked on the road of revolution as early as in her childhood. In September (?1930) she joined the juvenile [words indistinct] organized by Comrade Kim Il-song. She joined the Young Communist League of Korea in July 1932. In this organization she outstandingly performed the difficult revolutionary mission assigned her.

Through this course of struggle she became an outstanding revolutionary fighter. In 1935, she joined the Korean People's Revolutionary Army, organized and led by General Kim Il-song, the leader of the masses, and participated in the sacred (?anti-Japanese) armed struggle.

After joining the Korean People's Revolutionary Army, Comrade Kim Chong-suk demonstrated a fine example in carrying out the combat mission assigned by general Kim Il-song [words indistinct].

[First speaker] I think that for a woman to join the People's Revolutionary Army and to show a fine example in carrying out a combat mission is indeed an amazing act. What do you think of this?

[Third speaker] That's right. Comrade Kim Chong-suk was a good marksman. Her marksmanship was so outstanding that even men could not match her. Despite being a woman, Comrade Kim Chong-suk always stood at the head of the unit in battles and fully demonstrated her incomparable courageousness and self-sacrificing spirit. Because of this, fellow members of the People's Revolutionary Army called Comrade Kim Chong-suk a woman general of the Anti-Japanese struggle.

The episodes of her courageous actions displayed in the fierce battles are countless. In the anti-Japanese armed battle to defend (Chochangju) guerrilla base on October 1935, Comrade Kim Chong-suk dealt a big blow to the enemies with her outstanding marksmanship and, as a result, gave members of the People's Revolutionary Army great encouragement. When shells and ammunition ran out in battles, she led woman members of the People's Revolutionary Army in delivering shells and ammunition. Thus, she greatly contributed to the victory in the battle to defend the guerrilla base.

In the battle to march toward (Musongyongsong) in August 1936, Comrade Kim Chong-suk firmly defended the (?evacuation line) of the People's Revolutionary Army and [words indistinct] by fully displaying her lofty courageousness.

Her outstanding struggle in the anti-Japanese armed battles was indeed an amazing one.

[First speaker] Comrade Kim Chong-suk has also left the immortal exploits in firmly safeguarding and defending the great leader General Kim Il-song politically, ideologically, and with her life. Would you talk about this?

[Second speaker] In the days of the anti-Japanese armed struggle Comrade Kim Chong-suk held the great leader General Kim Il-song in high esteem as the sun of the nation and the only leader for national liberation and firmly safeguarded and defended the general politically, ideologically, and with her life. Comrade Kim Chong-suk [passage indistinct] who slandered the revolutionary ideology of general Kim Il-song.

In the winter of 1938, Comrade Kim Chong-suk exposed the true colors of a betrayer of the revolution named Om who slandered and defamed the general and the People's Revolutionary Army headquarters and, thus, firmly safeguarded the revolutionary ideology of the great general.

[Third speaker] Yes, comrade Kim Chong-suk safeguarded and defended the general politically, ideologically, and with her life. Comrade Kim Chong-suk adopted the guarantee for the safety of the general as her first mission and as the (?principle) of her activity and life. Thus, she always wished for the general's safety and health.

Comrade Kim Chong-suk protected the general from enemies sneaking into the headquarters. Whenever the general's safety was at stake, she defended him with her own body without hesitation. Thus, she always guaranteed the safety of the general. In the protracted and arduous days of the anti-Japanese

armed struggle, whenever the general was in danger, Comrade Kim Chong-suk became a shield and defended him. Thus, the safety of the general was outstandingly guaranteed thanks to Comrade Kim Chong-suk's self-sacrificing spirit and struggle.

[Second speaker] The immortal achievements of Comrade Kim Chong-suk in the struggle for national liberation are countless. Some of the achievements include her unconditional and thorough implementation of the general's orders and instructions to the end, her outstanding leadership in the underground political activities, and her lofty character of struggling for the revolutionary comrades, devoting all for them.

[First speaker] Despite being a woman, Comrade Kim Chong-suk embarked on the road of revolution in her early days and performed immortal exploits in the sacred struggle for national liberation. I believe that these immortal exploits will shine forever as an immortal epic. Therefore, our people should cherish deep in their hearts the immortal revolutionary achievements of Comrade Kim Chong-suk, an immortal and indomitable revolutionary fighter and a heroine of the anti-Japanese struggle, and should follow and learn her burning patriotism and indomitable sacrificing spirit. I believe that by so doing they will be victorious in the struggle to achieve an independent and sovereign state, for which comrade Kim Chong-suk so ardently desired, under the banner of the anti-U.S. struggle for democracy. Thank you very much.

VRPR ON SOUTH KOREAN PRESIDENTIAL COUPLE'S FIGHT

SK251153 (Clandestine) Voice of the Revolutionary Party for Reunification in Korean to South Korea 1000 GMT 22 Sep 83

[From feature program "Echo of Public Sentiment"]

[Text] It is said that ever since the Chang Yong-cha-Yi Chol-Hui couple's curb loan scandal, which startled the world, turned out to be an incident of corruption involving Chongwadae, the Chongwadae couple's quarrel started to grow. As the corruption incident came to light, Chon Tu-hwan clamored that clumsy behavior by his in-laws, including uncle Yi Kyu-Kwang, led to the disclosure of the incident, and in view of this, Yi Sun-cha shouted back that what the hell good is the power of the president, if he is not able to hush up such an incident. That, in the end, resulted in a big fight. In that fight, Yi Sun-cha was hit by the thickheaded Chon Tu-hwan, suffered a black eye, and had to stay inside the house for some time.

To make matters worse, as the Myongsong Group scandal--in which Yi Kyu-tong, Yi Sun-cha's father and Chon Tu-hwan's father-in-law, was directly involved--came to light, another round of commotion erupted between the two, who hit and kicked each other. Chon Tu-hwan fumed, saying that Yi Sun-cha's father did not behave well in the Myongsong Group scandal and his in-laws brought disgrace to Chongwadae. Yi Sun-cha, extremely angered, stood up to him, shouting: "Are you now putting blame on the in-laws and calling them to account?" In the wake of this, the fight was renewed. Then, a while ago, Chon Tu-hwan was caught red-handed having a good time with Yun Chong-hui, de facto mistress of Pak Chong-hui, by Yi Sun-cha, who rushed into the scene and in no time raised another big fight.

When Yun Chong-hui, the popular actress residing in Paris, recently came to Seoul for 2 months of commercial modelling, Yi Sun-cha kept an eye on Chon Tu-hwan. And as the old saying goes, if one's tail is long, one is easily caught. The ugly scene fighting between Chon Tu-hwan and Yun Chong-hui, indeed, caught in the eyes of Yi Sun-cha. In the wake of that, the fight in the bedroom of Chongwadae reached the extreme state of life or death. So, the rumors on the street are that Chon Tu-hwan's days are numbered, as they say that those homes in which husband and wife fail to enjoy a harmonious life are due to collapse soon.

KCNA CALLS S. KOREAN 'REGIME' 'TREACHEROUS PUPPET'

SK241053 Pyongyang KCNA in English 1030 GMT 24 Sep 83

[Text] Pyongyang, 24 Sep (KCNA)--The South Korean "regime" is nothing but a folding screen for concealing the U.S. imperialists' colonial rule and, to all intents and purposes, a treacherous puppet regime framed up for obstructing the Korean people's cause of reunification.

This is substantiated by the background of the fabrication of the successive South Korean puppet regimes.

The South Korean separate "election" was staged on May 10, 1948, to dampen the desire of the people for an independent and peaceful reunification which mounted with the joint meeting of representatives of political parties and public organisations in North and South Korea held in Pyongyang in April 1948, and the Syngman Rhee puppet regime was framed up through it.

To enforce the "election" the U.S. imperialist aggressors arrested more than 50,420 patriotic people and democrats all over South Korea and murdered hundreds of people in cold blood in four days ending the "election" day.

The Pak Chong-hui puppet regime, too, was a product of the U.S. imperialists' policy of aggression in Korea for barring the reunification cause of our people.

As everyone knows, the April 19 popular resistance brought a new turn in the South Korean people's movement for reunification, which surged to a new high in May 1961.

To call a halt to this nationwide movement of the people for reunification, the U.S. imperialists manipulated the notorious May 16 "military coup", through which they knocked into shape the bloody pak Chong-hui military "regime."

After Traitor Pak Chong-hui met his doom in the October democratic resistance in 1979, the U.S. imperialists established a truculent fascist "regime" without parallel in South Korea through traitor Chon Tu-hwan, the most ferocious fascist villain, to prop up the colonial ruling system shaking to its very foundation.

Traitor Chon Tu-hwan fully revealed his true color as a deadly enemy of the reunification cause of our people from his first steps with the encouragement of the U.S. imperialists.

In early 1980 when the door of a new dialogue opened between the North and the South and the whole nation was wishing it success, he frustrated it, crying that "there can be only confrontation with the North and no one should imagine peaceful reunification."

The U.S. imperialists hesitated at nothing in goading this stooge of worst type into suppression of people.

When the people rose up in a patriotic movement in Kwangju for the democratisation of society and national reunification in May 1980, the U.S. imperialists allowed a massive mobilisation of the puppet army forces to suppress it and put in the hands of the traitor even lead bullets and nerve gas shells banned by international law.

To shore up the colonial ruling system in its crisis, traitor Chon Tu-hwan brutally murdered more than 5,000 patriotic citizens in Kwangju in a matter of 10 days.

The U.S. imperialist aggressors have thus played the role of midwife for the successive puppet regimes, setting them up on the sea of blood of people.

JAPANESE TV PROGRAM VIEWS PANMUNJOM, MDL

SK250412 Pyongyang KCNA in English 0400 GMT 25 Sep 83

[Text] Tokyo, 22 Sep (KNS-KCNA)--"Television Asahi" of Japan on September 20 televised a special program by its reporter who had visited our country to cover celebrations of the 35th anniversary of the founding of the Democratic People's Republic of Korea.

Introducing Panmunjom and the Military Demarcation Line area, it said:

The demilitarized zone in the portion of the north of the DPRK presents the scene of a bright and peaceful rural area where rice is well ripe. Seen there are dwelling houses of cooperative farmers and paddy-fields stretching far and wide.

Contrary to this, in the portion of the South Korean side in the DMZ there are hundreds of reinforced pillboxes. They say that even artillery pieces and machineguns whose introduction is prohibited are brought there.

We went up a hillock nearly 50 kilometres east of Panmunjom.

There we clearly saw the reinforced concrete wall stretching east and west, which was build by South Korea.

The Military Demaraction Line is no more than a ceasefire line. During our visit to the place, we saw rising smoke which tells that a shelling exercise was going on in South Korea.

We keenly felt that the tension on the Korean peninsula has a great influence on Japan, too.

KCNA HITS 'CHON CLIQUE' FOR GRADUATION QUOTA SYSTEM

SK281547 Pyongyang KCNA in English 1530 GMT 28 Sep 83

[Text] Pyongyang, 23 Sep (KCNA)--A total of 15 million won is needed for a student to go through the courses from the primary school to a university in South Korea. This is more than the total wages of an ordinary South Korean worker for his two decade long back-breaking labour.

Numerous students cannot attend school after receiving the admission notices when a new school year begins, unable to pay the "registration fee". Some of them commit suicide, deploring their lot in which they are denied the opportunities of learning.

Those attending school suffer from heavy school expenses.

During the last summer vacation, 150,000 students applied for odd jobs. But only 20,000 of them could find jobs.

When an enterprise in Seoul advertised for 40 temporary employees, 1,600 students came from Songgyungwan University alone to "compete for employment."

The South Korean puppets allot little funds for "educational spendings" while lavishing money on war preparations and maintenance of the fascist rule.

What is intolerable to the students is the so-called "graduation limit system" enforced by the puppet clique.

The puppet clique admit more students than the number limit and then expel progressive students in groups on charges of "poor records."

The Chon Tu-hwan clique plant special agents of worst type in the disguise of students in all schools to watch every move of the students. Such agents operating at Seoul and Yonsei universities alone number more than 800. The students listed by them are either disciplined under the "graduation limit system" or taken to the torture room of the puppet security planning board.

DAILY HITS CHON'S DIPLOMACY TOWARD NONALIGNED NATIONS

SK291637 Pyongyang KCNA in English 1540 GMT 29 Sep 83

[Text] Pyongyang, 29 Sep (KCNA)--NODONG SINMUN Thursday comes out with an article titled "South Korean Puppets Are Heinous Enemy of Peoples of New-emerging Forces."

Noting that the South Korean puppets are trying by hook or by crook to draw the non-aligned and Third World countries toward them with the approach of the 70th conference of the Inter-parliamentary Union slated in Seoul, the article says:

Only recently, the Chon Tu-hwan group sent his vassals to African, Middle Eastern and Central and South American countries under the cloak of "special envoys" and solicited "support" of them, twanging the harp of "friendship" and "cooperation."

The Chon Tu-hwan group is a brutish criminal against the world people's cause of anti-imperialism and independence.

When the U.S. imperialists were waging a war of aggression in Southeast Asia, puppet Chon Tu-hwan himself, as a regimental commander of the puppet army, served as a hound of the U.S. imperialists, his masters, in the battlefields. He murdered defenceless people right and left and plunged villages into a sea of flames by atrocious scorched-earth operations for killing all, burning all and destroying all.

Traitor Chon Tu-hwan maliciously abused the anti-imperialist national liberation struggle of the Palestinian people and put a spoke in their wheel. Serving the defunct dictator for eighteen years as his faithful dog, traitor Chon Tu-hwan, together with him, zealously defended and supported the Zionists and, no sooner had he seated himself in the "presidential" chair than he brought an Israeli ambassador into South Korea and promised him continued support.

Hand in glove with the white racists in the African region, he resorted to overt and covert manoeuvres to obstruct the national liberation movement of the people there.

In accordance with the U.S. imperialists' script, the Chon Tu-hwan group commits today various forms of military espionage against countries of the new-emerging forces, acting the role of a scout for the U.S. imperialists' global strategy.

Facts prove once again that the Chon Tu-hwan group is an aggressive tool at the disposal of the U.S. imperialists and a deadly enemy of the Third World peoples.

The South Korean puppets who have worked to block the cause of anti-imperialism and independence of the non-aligned and Third World countries, as despicable stooges of the U.S. imperialists, are now going round these countries and stringing out hypocritical words about "friendship" and "cooperation" to fill as many seats of the Seoul conference as possible.

The Third World and non-aligned countries will not be duped by the appeasement and deception of the South Korean puppets.

Attendance at the Seoul conference would eventually mean to patronize the Chon Tu-hwan puppet regime recognized by none of the South Korean people, but cursed and denounced by the people, and to connive at the U.S. imperialists' policy of aggression and "two Koreas" scheme.

It is only too natural that many countries of the new-emerging forces refuse to participate in the Seoul conference, opposing the criminal intrigues of the U.S. imperialists and their stooges.

SOVIET MEDIA ON CULTURAL CENTER EXPLOSION--Pyongyang, 27 Sep (KCNA)--TASS September 23 reported that on the evening of September 22 a powerful explosion took place in the building of the "American Culture Centre" in Taegu City, South Korea, and the police who started the investigation of the case admitted that the explosion was planned by anti-"government" groups working to overthrow the pro-U.S. Chon Tu-hwan "regime." It said: Japanese publications recalled that it was the third action against U.S. organs in South Korea. As pointed out by Tokyo papers, the explosion in Taegu took place under the persistently tense political situation in the South of the Korean peninsula. Bloody suppression of advocates of democracy in the South Korean rulers relying on the U.S. bayonet and Washington's support to their anti-popular policy aroused the anti-U.S. sentiments in South Korea. Meanwhile, the Soviet papers SOTSIALISTICHESKAYA INDUSTRIYA, TRUD, KOMSOMOLSKAYA PRAVDA and SELSKAYA ZHIZN also reported the case of the explosion. SOUTH'S STUDENT ARRESTS DENOUNCED--Pyongyang, 16 Sep (KCNA)--NODONG SINMUN Friday comes out with a commentary denouncing the South Korean puppet clique who arrested several students on charges of campus demonstrations against fascism in June. The author of the commentary says: The puppets ferreted out and arrested participants in campus demonstrations held two or three months ago. This is an act intended to block the patriotic action of students by creating an atmosphere of terror on the campus. In making the arrest when the summer vacation was just over, they seek the sinister aim of holding the inter-parliamentary conference without a hitch by cracking down upon the students more harshly. It is an unpardonable treachery to suppress patriotic students wantonly for such sordid aim. The campus demonstration of the South Korean students subjected to slave's non-rights against the militarisation and fascistisation of campus and for its democratisation can never be an object of repression, and the puppets' suppression of them can by no means be justified, declares the commentary. DAILY PREVIEWS DIFFICULTIES OF ASSEMBLY SESSION

SK200145 Seoul THE KOREA TIMES in English 20 Sep 83 p 4

[Editorial: "Assembly Function"]

[Text] The National Assembly's regular session for this year, opening today, is expected to be overshadowed by "outside" circumstances and developments to a considerable extent.

First of all, the regular session will be in recess for 18 days--one fifth of the session's legally-set duration--due to a general conference of the Inter-parliamentary Union (IPU) which will be held in Seoul in the first half of next month.

Also taking place during the 90-day session will be President Chon Tu-hwan's 17-day journey to five countries in South Asia and Oceania, to be followed by U.S. President Ronald Reagan's visit here in early November.

These events are sure enough to attract public attention--of both the general public and official quarters--away from the assembly.

Besides, the administration has pronounced on numerous occasions its resolute stand to freeze the 1984 budget scale at this year's level. This plan will diminish the chances of squabbles between the government and opposition camps over slashes and readjustments in spending programs, which highlighted the assembly regular sessions in previous years.

Thus the parliamentary session--at least its first half--is likely to be rather quiet and smooth in operation as compared with other house sittings.

Notwithstanding, there are ample signs that the assembly may be drawn into disputes over the so-called "political bills" and other outstanding issues.

The parliament indeed faces numerous sensitive questions, including strenuous opposition moves for a revision of the National Assembly and election laws and the enforcement of local autonomy.

The political bills are related in one way or another to the next general elections, about which rumors are rife concerning a possibility of advancing the schedule from the generally-understood timing in early 1985.

Then, there is the prospect of an additional release of former politicians from the three-year-old political ostracism, a prospect that is certain to have an impact on the local political arena, especially on the ranks of the opposition parties.

Debates on some outstanding social and economic issues, though presently overshadowed by the shocking incident of the Soviet shooting down of a Korean Airlines jetliner, may also develop into major political controversies.

With these variants, both the government and opposition parties are reportedly engaged in mapping out their respective tactics for running the new assembly session.

The ruling Democratic Justice Party has already set its goal of establishing an "image of mature parliament" with stress on the productive function of legislation in cooperation and harmony with minority parties.

On the other hand, the opposition camp is placing emphasis on "political animation," as it has in the past.

In this conflict of emphasis, it is suggested that the rival camps make endeavors to resolve their discords through meaningful dialogue and compromises, each doing away with a dogmatic approach that would only invite undesirable confrontation.

There is no denying that the nation is in need of further political development, and this is to be achieved in an evolutionary process which in turn requires the pooling of wisdom and the best utilization of the institution-ized national forum, the parliament.

DJP OFFICIALS CAUTIOUS ON LIFTING POLITICAL BAN

SK201015 Seoul CHUNGANG ILBO in Korean 20 Sep 83 p 2

[From the column "Central Tower"]

[Text] With the approach of the regular National Assembly session, key DJP officials have begun to cautiously comment on the issue of the lifting of the political ban, which they have avoided commenting on in the past.

Floor Leader Yi Chong-chan stressed that, "if the political ban is lifted, all the existing political parties should open their doors to those who had been politically banned so that all the political factions which participated in the Fifth Republic can play the role of pillars supporting the present basic structure."

Spokesman Kim Yong-tae said: It would be unfortunate for everyone if the lifting of the political ban were to cause political unrest or to hinder political development.

The other DJP officials expressed their concern, saying that "if the National Assembly argues in circles again, just as in the extraordinary session in June, it may face another unexpected situation."

DKP HEAD ON ACCLIMATIZATION OF DEMOCRACY

SK220921 Seoul TONG-A ILBO in Korean 22 Sep 83 p 2

[From the column "Tidbits"]

[Text] DKP President Yu Chi-song held an interview with the national television of New Zealand on the morning of 22 September at the party building.

During the interview he was asked only about one issue, "The role and function of opposition parties in Korea." To this question, party President Yu said: Because we are confronting the North Korean puppets, the most radical group among all communists ever since the national liberation on 15 August some 30 years ago both the ruling and opposition political parties are conservative. However, the role of the opposition parties in Korea, just as in all free nations, is to check and criticize. Our nation is no exception to this.

That day, after the official interview had ended, the reporter from New Zealand asked him when he thinks the acclimatization of democracy will be achieved. Party President Yu noted: "In view of the level of our people's consciousness, we are fully capable of implementing [silhaeng] democracy right now, but only if the ruling camp and the leading class implement it."

He also said that "it will be achieved without fail, as I believe President Chon Tu-hwan has a firm faith in the peaceful transfer of power."

GOVERNMENT TO SUBMIT TARIFFS REFORM BILL AT ASSEMBLY

SK220244 Seoul YONHAP in English 0204 GMT 22 Sep 83

[Text] Seoul, 22 Sep (YONHAP)--In a move to increase exports through enhanced price competition, the Korean Government and its ruling party have worked out a tariff reform bill calling for a drastic decrease in the tariffs imposed upon raw materials.

The bill made public Thursday, would cut by five percent the tariffs on liquefied natural gas, natural boric acid and other domestically unproducible raw materials. It also would reduce tariffs on methanol and other domestically producible raw material by 10 percent.

The reform bill, which will be submitted to the regular session of the National Assembly for deliberation, also called for the reduction of tariffs on raw-hide, fur and other raw materials necessary for producing products to be re-exported.

The bill, however, leaves in place the existing high tariffs on liquor and tobacco.

Tariffs on vegetables, dairy products and other farm goods will either be lowered or maintained at current levels until 1988, according to the reform bill.

If the bill is ratified, tariffs on textile products and footwear will be lowered to 40 percent of the items' value by the end of next year and again to 20 percent by 1988. It also would drop tariffs on other consumer goods to 30 percent of their value by 1988.

[Editorial: "Budget Outlay Freeze"]

[Text] The cabinet yesterday endorsed next year's national budget bill, which features an unprecedented freezing of the spending scale in the general account at the current year's level of 10,416.7 billion won.

To be submitted to the National Assembly for deliberation and where minor changes will be made, the fiscal plan envisions its revenue scale at 10,966.7 billion won to mark a surplus of 550 billion won over outlays.

Of the total 550 billion won surplus, according to the spending bill, 300 billion won is to be funneled into the debt-ridden grain management fund to help repay loans from the Bank of Korea, and 60 billion won into the fertilizer account. One hundred ninety billion won is to be used to repay borrowings in connection with the repayment of foreign loans.

Such an "ultra-tight" spending program is construed as showing the government's firm will to cement a stable economic base free of inflation or price spirals, although the government envisages 7.5 percent GNP growth next year.

By holding down wholesale prices to zero percent increase next year, the government is putting a complete end to the decades-old inflationary trend in the country.

Economic planners in government quarters anticipate this year's wholesale prices will be stable at only one percent increase as compared with an annual 2.4 percent rise last year.

The government has the view that prices can be stabilized if it freezes government spending, puts curbs on the money supply and personnel expenses while maintaining interest and foreign exchange rates at optimum levels.

In the past, the government compiled budget programs, taking into account annual price increase rates.

However, the tight spending bill for next year includes increased appropriations for the expansion of transportation networks, national physical developments, and the expansion of water resource and tap water development projects, all directly linked with the people's living.

The bill also calls for placing stress in budget expenditures on scientific, technological and manpower developments, aids to needy people, social of educational environments and the promotion of sports and national tourism projects.

The people's tax burdens may not increase as in the previous years if next year's budget spending is frozen. If so, the deficit in government finance will decline so as to allow an increased money supply to the private sector.

Yet, the spending freeze or "ultra-tight" fiscal program may not necessarily have only such favorable effects as price stabilization, curbs on tax burdens and increased money supply to the private sector.

The budget freeze may also have several adverse impacts. One of them is a delay in the implementation of ambitious policy projects by ministries and government agencies.

Another problem may be the freezing of public servants' salaries, which is feared to affect the livelihood of low-echelon government employees, because there is no guarantee of stabilizing prices in the coming year.

Although not a new phenomenon, an increase in the "inflexible" or "rigid" expenditures will unavoidably wrinkle the outlay for social development projects in particular. The "inflexible" expenses, including national defense spending, which is rated at six percent of GNP, represent a whopping 67.3 percent, according to the 1984 budget program.

In the course of their deliberations, it is hoped that the National Assembly members will pool all wisdom to rectify the government bill by finding any loopholes so as to maximize the budget function for the people.

LAWMAKERS SUPPORT BUDGET FREEZE; EDUCATORS PROTEST

Freezing Budget Argued

SK231338 Seoul CHOSON ILBO in Korean 23 Sep 83 p 3

[From the column "News Behind News"]

[Text] The cabinet meeting on 22 September, which discussed and approved the new year's budget, showed differences in views among the ministries in connection with the issue on excluding from the budget the long-term service allowance for fourth and fifth grade general government officials and for officials in the educational domain. Thus, the meeting lasted for 1 and 1/2 hours, the longest since the beginning of the year.

At the meeting that day, So Sok-chun, minister of the Economic Planning Board, noted: "The system of long-term service allowance for teachers and the increase in allowances for general government officials has not been realized in the next year's budget in accordance with the policy of freezing the annual expenditures."

To this, Vice Education Minister Chong Hui-chae demanded that "the original plan to increase the teachers' allowance by 15,000 won annually until 1986 be realized."

Minister of Political Affairs O Se-ung said: "The DJP is suffering criticism as the people believed that the plan of the long-term service allowance was turned down due to the opposition by the DJP in the course of handling the budget bill." Thus, he supported the party's position rather than the government's.

Noting that "the exclusion of the long-term service allowance for the government officials below the fourth grade from the next year's budget, which the government had pushed ahead with, is distressing, Prime Minister Kim Sang-hyop stressed: All the government officials should understand the difficulties of the government and share them with one another." Thus, the argument ended.

Education Minister Yi Kyu-ho and Minister of Government Administration Pak Chan-kung, who called the realization of the long-term service allowance,

did not attend the meeting that day and sent vice ministers, thus attracting people's attention.

Lawmakers Hail Government's Budget Freeze

SK231311 Seoul HANGUK ILBO in Korean 23 Sep 83 p 2

[From the column "Political Scene"]

[Text] In connection with the government's announcement on freezing the budget, assemblymen from the ruling and opposition parties, highly praising the "practical will" [silchonjok uiji] of the government, said "We hope that the government's taking the initiative and setting an example will be expanded to a nationwide will" and "the people's burden of tax will be reduced." DJP Deputy Floor Leader Ho Chong-il noted: "I highly appraise the government's practical will to do away with the red-ink finances which has been chronic ever since the liberation."

DKP Assemblyman Ho Kyong-ku said: "It is news to me that tax collected from the people is being left over and that the government is going to pay its debts with that money. If this is true, the government's debts may be cleared away but the people's debts will increase. Therefore, the rate of the people's tax burden should be reduced."

In the meantime, KNP Assemblyman Yi Song-su said: "The government deserves praise for having frozen the national budget and for planning to allocate the increased portion in tax revenues, 550 billion won, to the payment of national debts. From now on, the government should dissolve nonessential administration agencies or unify them and strive for a reduced budget, pursuing a smaller government."

ARTICLES COMMENT ON CONSTITUTIONAL REVISION, EARLY ELECTIONS

DJP Stand for Early Election

SK251342 Seoul CHOSON ILBO in Korean 25 Sep 83 p 3

[Article from column "News Behind News"]

[Text] Referring to the issue of revising the National Assembly Law, DJP Chairman Chin Ui-chong optimistically said on 24 September: There are parts which the DJP wants to revise. We know in which part the opposition parties are interested. Accordingly, I believe that, if negotiations are smoothly conducted between the ruling and opposition blocs, there will be no trouble at the regular National Assembly session because of the National Assembly Law.

Referring to speculation that the DJP will have to make a considerable concession to assure smooth conduct of the regular National Assembly session, he said that there will certainly be parts which will prevent the DJP from making a concession. Thus, he made it clear that there will be limits in making a concession. He assumed a circumspective attitude toward a sensitive area, saying: The DJP well knows that the opposition parties are greatly interested in restoring the rights to review the budget at the National Assembly Standing Committee. DJP Floor Leader Yi Chong-chan said: The question of revising the National Assembly Law and the review of the budget are related with each other in procedural matters--that is, which comes first in handling. These questions, however, are not cognate. In other words, we cannot abandon one of them to handle the other with ease. Thus, he denied rumors on the simultaneous discussion of the two issues.

While making a positive response toward the issue of revising the National Assembly Law, the DJP leading circles have avoided making official reference to rumors on an early election. They, however, have recently made reference to this issue, thus drawing attention.

Chairman Chin has referred to an atmosphere in local areas, saying: Rumors on an early election prevailed in coffee shops in local areas. He then said: I explained to residents in my electoral district that there is no reason for the dissolution of the National Assembly, because everything is going smoothly. Asked to make an official statement on an early election, DJP Floor Leader Yi

said: I have no idea of the issue. While they have no idea on rumors on an early election, people in general speculate and say at random that the ruling party has a ticket for an early election. Thus, he implied that the issue is out of question for the time being.

DKP Assemblymen Discuss Early Election Rumor

SK261354 Seoul TONG-A ILBO in Korean 26 Sep 83 p 2

[From the column "Tidbits"]

[Text] At the general meeting of the DKP assemblymen held on the morning of 26 September, DKP President Yu Chi-song drew attention by asserting first that "rumors of an early election" should be ignored. He then called the assemblymen's attention to the rumors.

First, Yu said that "there should never be an early election, nor should we heed such rumors." He then changed his mind and said that "we should further step up our guard against the rumors of an early election."

Changing his mind once again, he said that "I think we do not need to expect such a situation to develop." Ultimately, he said that "we should guard against such a situation and watch with extreme concern whether such a situation will crop up."

Implying that he was referring to off-stage opposition, Yu said: As serious as the circumstances we find ourselves in are, we face powerful forces in front of us--namely the administration and ruling party--and we have behind us another force which looks at us in a different way." He appeals to the party's assemblymen to unite within the party by saying that "this force behind us is slandering us with backbiting of every description."

Following is the gist of other members' remarks made at the general meeting of the party assemblymen:

DKP Floor Leader Yim Chong-ki: We have talked many times about the rumors of an early election when I met with floor leaders of other parties. Even they seemed to be in the dark as to where such rumors were coming from.

DKP Assemblyman Sim Ui-sop: If our call for discussion on political bills during the current regular session of the National Assembly goes unanswered once again, the public distrust of the *raison d'etre* of the National Assembly and opposition parties will deepen further more. If the DKP, a party which may be a mere place for people who have different ideas, fails to unite this time, our party will become a waiting room full of passengers with different destinations.

Assemblyman Yi Won-pom: Even after collective opinion was adopted at the party's general meeting, those in the higher ranking positions of the party soften their attitude toward the ruling party and government, ignoring the

party's collective opinion. Is this not an act of protecting themselves and betraying the people and party members?

Assemblyman Yi Kwan-hyong: The situation is that the issue of revising the National Assembly laws can no longer be political bills. I think it is high time to call for an amendment to presidential election laws and to the Constitution itself. Some maintain that we should be deliberate with regard to calling for an amendment to the Constitution on the grounds that debate on constitutional rewrites can be manipulated by those who want to prolong staying in power; this makes no sense. If our assertions are fair enough, we do not need to be afraid.

Assemblyman Kim Tae-sik: With the 11th National Assembly entering its third year, a long time has elapsed since the inauguration. We cannot but question what we have done. When we talk about revising the National Assembly laws, we cannot be satisfied with revision of a few clauses--if that ever happens, of course. During this current regular session of the National Assembly, we should discuss a series of recent developments such as measures that shrink the activity of the press. In view of the fact that an early election will wreck the constitutional order, we must guard against it. (Gist of remarks at the DKP general meeting of assemblymen as of 1100 on the morning of 26 September.)

Further on Debate on Constitution

SK270716 Seoul HANGUK ILBO in Korean 27 Sep 83 p 2

[From the column "Political Scene"]

[Text] Among 19 of those who spoke at the general meeting of the DKP National Assembly members held on 26 September, including 3 party leaders--President Yu Chi-song, Floor Leader Yim Chong-ki, and Chairman of the Human Rights Committee of the party Kim Mun-sok, all of the 16 junior lawmakers showed interest in the question of lifting the political ban and the rumor on early general elections. Acting as if they had reached an agreement, they all urged a revision of the constitution to change the presidential election system, thus drawing people's attention.

President Yu: Along with the uncertain rumors spreading among people, such as the one on early general elections, the incident at the Taegu U.S. Cultural Center has brought the situation to a considerably difficult stage. We don't have to lend our ears to the rumor on early general elections. If the rumor is true, however, it is a matter of significance and a kind of change.

Floor Leader Yim: All must support the stand that we will not deal with the government's 1984 annual budget, unless the political bills are passed. The election law, which is unfavorable to us, should be revised. We are ready to handle the matter.

Lawmaker Yi Won-pom: The consensus that was apparent at the last general meeting was not respected by the party leaders. Why is the floor leader making remarks for which he will not assume responsibility?

Lawmaker Yi Kwan-hyong: People are keenly interested in whether our party will seek to preserve the status quo or seek a change. We must consider the question of revising the constitution. Some worry that our demand could be exploited for the extension of office. However, we must not delay in putting forth our just demand.

Lawmaker Kim Tae-sik: In regard to the question of handling the political bills, we must not be satisfied with a limited revision of the National Assembly Law. We must be watchful, because early general elections would be changed that would disturb the order of the constitutional government.

Lawmaker An Kon-il: To express the will of our party as one that could take over power, we must concentrate our efforts on improving the present election system. If possible, let us propose the revision during the current National Assembly session.

Lawmaker Ho Kyong-man: People are suspicious of us. This is because we have not expressed our will to revise the constitution. Most of the people do not believe that a peaceful transition of power is possible under the present election system of the current constitution. Through an extensive discussion, the party must work out a draft. If we are going to revise the National Assembly Law, we must at least eliminate the limitations on the right to probe into the government operations.

Lawmaker Kim Pyong-o: What is important is the creed of the leaders of our party at the current National Assembly regular session. There is criticism that our strategy toward the ruling party is not autogenous.

Lawmaker Kim Hyong-nae: We must deeply ponder whether discussion of the direct presidential election system is truly needed. All party leaders must have a sense of responsibility to struggle against the ruling party in order to pass the political bills.

Lawmaker Han Kwang-ok: There is no need to delay the revision of the constitution in order to change the election system. What is important is the decision of our party leaders.

Lawmaker Hong Sa-tok: At this meeting, let us advance a party decision for the revision of the constitution. In addition, during 17-25 October, we must call another general meeting of our lawmakers to study the prospects of the political bills and discuss the matter of responsibility.

Lawmaker Ko Yong-ku: Today we must certainly work out our party stand toward the question of revising the constitution for the [word indistinct] reasons: First, the situation of the era has changed. Second, we must let people know that the DKP is a political party that could take over power. Third, the National Assembly election is drawing near. Fourth, we must make preparations

to counter the ruling party's possible proposal for the revision of the constitution for the extension of office.

President Yu: Worldwide practice is that, under a presidential system, the president is directly elected by people and, under the parliamentary system, the president is indirectly elected. The meeting of the party leaders has decided to form a committee for the improvement of the election system. Accordingly, we will soon make a decision for a system suitable to our situation. When our policy has been worked out, we will be able to present it to the current National Assembly session.

Lawmaker Hong Song-pyo: There are rumors that most of the scandals that have developed so far are linked with those intimate to the ruling circles. The president of our party should meet the president to discuss many things.

Floor Leader Yim: We will concentrate what we have discussed and issue a resolution.

DJP Believed Irritated

SK290320 Seoul TONG-A ILBO in Korean 28 Sep 83 p 2

[Article from column "Tidbits"]

[Text] The revelation of the DJP's tough attitude toward the opposition parties through its 27 September statement issued by its spokesman after a meeting of the Central Executive Council is observed as targetting the DKP and some off-stage personages. Some observers are of the opinion that the DJP may have been irritated by the fact that some young lawmakers of the DKP, who demanded the revision of the constitution to adopt the direct presidential election system at a caucus of the DKP's lawmakers on 26 September, had recently shown a "collective" movement, such as holding a meeting before the caucus was held, and by the fact that their demand appears to be linked to the movement of off-stage forces.

It has been learned that, at the meeting of the DJP's Central Executive Council, some members demanded that a more hard-line stand toward the DJP's movement be made clear and that such a tough policy was set forth by members of the Central Executive Council, who do not hold party posts.

Meanwhile, at a meeting of floor leaders held on the afternoon of the day when the DJP expressed its strong stand, Yim Chong-ki, floor leader of the DKP, said: "The DKP's discussion of the revision of the constitution is basically different from the demand of another side (off-stage forces)."

DJP's Rejection of Constitution Amendment Flayed

SK290238 Seoul TONG-A ILBO in Korean 28 Sep 83 p 2

[Article from column "Tidbits"]

[Text] In connection with the fact that a caucus of the DKP discussed the question of amending the Constitution to adopt the direct presidential election system, the DJP has officially expressed its "strong rejection." The opposition circles view the DJP's reaction as an "incomprehensible oversensitive response."

Yi Tae-ku, vice president of the DKP, said on the morning of 28 September: "Despite the fact that the ruling party should be composed, it appears to be oversensitive."

Sin Sang-u, vice president of the DKP, said: "The blockade of all discussions runs counter to the historic cause of eradicating the remnants of the Yusin era. Breaking from standardization is for the stability of the political situation and is a short cut in developing politics and to win the people's trust."

Rep Ho Kyong-man said: "Misfortunes or problems have resulted from revising the Constitution in an abnormal way. What is wrong with the intention of writing a draft constitution which the people want? An oversensitive reaction comes from the lack of confidence that the current constitution is supported by the people."

Meanwhile, stating that the KNP's policy toward the direct presidential election system is invariable, Kim Wan-tae, spokesman for the KNP, criticized "the DJP's strong rejection" as a "political tyranny."

KNP's Fear of Being Left Out of Deal

SK291423 Seoul CHOSON ILBO in Korean 29 Sep 83 p 3

[From column "Tidbits"]

[Text] On 28 September the KNP, jumping in between the DJP and the DKP, which are the opposing sides in the argument over the system of direct, popular election to the president, rebuked both sides.

Saying that the DJP's outright rejection of the argument for revising the Constitution to allow for direct, popular presidential elections is a political high-handedness and at the same time does not accord with the spirit of politics through dialogue, KNP spokesman Kim Wan-tae criticized the ruling party, saying that the attitude of rejecting outright instead of considering a sincere debate on the opposition proposal is not a sensible attitude for a political party to take.

On the other hand, KNP Floor Leader Kim Chong-ha, aiming his remarks at the DKP, said he does not understand why the DKP is shifting the focus of attention at a time when the National Assembly is on the threshold of deciding on some pending political bills, and grumbled that it is not that the presidential election system is not important, but that there should be order to work. The KNP's attitude seems to be caused by its fear that--as the weighty pending political issue of the system of electing the president through direct, popular votes, unfolds between the DJP and the DKP--it could be sidelined inadvertently by the negotiations. Such inner thoughts can be read in the point that party spokesman Kim has steadfastly presupposed that his party's polity toward the system of direct, popular election of the president is unwavering.

Meanwhile, noting that on 28 September the DKP, without a word of prior consultation with the KNP, put forward by itself a resolution for forming a special committee for investigation of the state of affairs in connection with the fraud scandal involving Yongdong Development Co., party Floor Leader Kim criticized that it was a political show. He fumed: "Why didn't they ask for our help, knowing full well that passage of the motion would be impossible with the consolidation of the opposition bloc? Was it that they had no desire to get it passed?"

OPPOSITION CALLS FOR FINANCE PANEL MEETING

SK271006 Seoul TONG-A ILBO in Korean 27 Sep 83 p 1

[Text] In connection with the large-scale bank loan scandals, including the Yondong development scandal, which have surfaced one after another, the opposition parties called for an immediate convocation of the Finance Committee meeting at the National Assembly, subjecting those involved in the scandal to reprimand, and an invocation of the National Assembly's right to investigate government offices. As a result, the monetary scandal has developed into a great controversy in the initial stage of the regular session of the National Assembly.

Holding the party's executive meeting and a meeting of the party's Finance Committee members of the house on 27 September, the DKP has decided to call on the DJP to convene a house Finance Committee meeting after the 28 September session of the National Assembly ends.

The DKP has also decided to launch an investigation by the party's Finance Committee members on the main office of the Chohung Gank, the Office of Bank Inspection and Audit, and the Central Branch of the Chohung Bank, institutions involved in the Yongdong development scandal.

They also held a meeting of the party's executive members on the morning of 27 September and decided to call on the government offices concerned to voluntarily report in this regard when the session of the National Assembly ends on 28 September and to call for convocation of the house Finance Committee meeting.

While demanding that those involved in the monetary scandal be reprimanded, the KNP has decided to call for an invocation of the National Assembly's right to investigate government offices if the house Finance Committee's efforts to get down to the bedrock of the scandal turns out to be unsatisfactory.

Debating what measures to be taken to deal with the Yongdong development scandal and other large-scale monetary scandals, the central executive meeting of the DJP has decided to form within the party a special committee to reform monetary system with the chairman of the DJP policymaking committee to chair in order to prevent a recurrence of such large-scale monetary scandals.

DJP AGAINST OPPOSITION BID FOR ELECTION LAW REVISION

SK280130 Seoul THE KOREA TIMES in English 28 Sep 83 p 1

[Text] The ruling Democratic Justice Party threatened yesterday that it would reject the revision of the National Assembly Law if the major opposition Democratic Korea Party holds fast to its "unreasonable" refusal to deliberate next year's budget bill unless the law is amended first.

In an unprecedentedly tough policy against the opposition party, the DJP also revealed that it would consider withdrawing its members from a house subpanel now scrutinizing the house law if the DKP maintains such a position.

The DJP's hawkish strategy against the opposition party apparently was targeted against the general caucus of the DKP lawmakers Monday, which resolved to promote amendment of the presidential and parliamentary election systems.

In a special statement, issued by spokesman Rep Kim Yong-tae after a meeting of the Central Executive Council, the DJP condemned the DKP for attempting to make the political situation strained without making efforts to solve all problems reasonably.

The party also said, "We were struck dumb by the DKP members' caucus which adopted a resolution calling for the revision of the election systems, which virtually means the amendment of the Constitution."

"We wonder whether such a pronouncement by the DKP for the revision of the supreme law means that it is going to follow the unhappy political precedents of the past of suspension of constitutional rule," the party argued.

Then, it urged in the statement that the DKP give deep thought to the development of the political situation in the days ahead.

The DJP further said that it had reached the conclusion that recently there has been a series of plotted maneuvers by the opposition party to make tense politics. "Such movement will never be profitable to the operation of the current political situation," it warned.

CS1
Meanwhile, the DJP strongly called upon the administration in the statement to establish basic and institutional devices to prevent the recurrence of frequent banking irregularities like the scandals involving Yongdong and Myongsong.

REPORTAGE ON YONGDONG DEVELOPMENT COMPANY SCANDAL

Assembly To Hear Government Report

SK280113 Seoul THE KOREA HERALD in English 28 Sep 83 p 1

[Text] The National Assembly will hear government report on the Yongdong Development Co financial scandal today according to yesterday's agreement by floor leaders of three major political parties.

The floor whips also agreed, in principle, to open the National Assembly Finance Committee to interpellate the government on the scandal bared Monday. However, the floor leaders--Rep Yi Chong-chan of the ruling Democratic Justice Party, Im Chong-ki of the opposition Democratic Korea Party and Kim Chong-ha of the Korea National Party--failed to agree on the date of the panel meeting.

In a related development, the Democratic Korea Party yesterday submitted to the National Assembly a motion calling for the creation of an ad hoc committee empowered to invoke parliamentary power to investigate the Myongsong scandal and the Yongdong Development Co scandal. The measure was initiated by Rep Kim Moon-won and was signed by all of the 80 other DKP lawmakers. The motion demanded that the committee be composed of 10 members--five from the ruling Democratic Justice Party and five from the opposition camp.

An ad hoc parliamentary committee should be organized because the government announcements concerning the two cases were too sketchy to clear away the public suspicion on sources of money and how the money was used, it insisted. It also argued that the people cannot but express indignation and shock over the scandals.

Daily Expresses Regret

SK280146 Seoul THE KOREA HERALD in English 28 Sep 83 p 4

[Editorial: "Wholesome Banking"]

[Text] With our memories still haunted by enormities unearthed not too long ago involving financial institutions, we were stunned at the discovery of another multibillion won credit scandal spawned at a Seoul commercial bank branch. The Chohung Bank has disclosed that, as a result of an internal audit, it found out that a handful of its clerks illegally issued bank credits

to two business firms--Yongdong Development Co and Shinhan Cast Iron Co--to enable them to float 167.1 billion won worth of commercial papers. Amazingly, they are said to have stolen the bank's seals to guarantee the promissory notes.

All this began three and a half years ago and was a conspiracy of bank officials and the companies in question. We wonder how such wrongdoing could have remained undetected for so long.

It is especially surprising when one recalls that a little over a month has passed since the so-called Myongsong scandal rocked the country's money markets in the wake of what is popularly called the "Chang Yong-cha scandal" which surfaced in May last year. We are distressed at the thought that the Yongdong Development conspiracy was in progress while the other two scandals came to light, immeasurably shocking the people.

The shocks triggered by such banking irregularities are staggering to us. It goes without saying that the *raison d'etre* of banking institutions lies in the public's confidence. We place our money, so crucial to our livelihood, into their hands. So we feel betrayed whenever a banking scandal takes places.

Such being the case, we even hate to acknowledge that the conspirators of the Chohung scandal include the manager of the branch himself and several vice and assistant managers, who were supposed to set a good example in upholding the banking credibility.

We were surprised at the whopping amount of illegally guaranteed commercial papers worth 167.1 billion won, considering that the bank's total capital stock is said to be around 110 billion won. Due actions will certainly be taken against the perpetrators depending on the results of the ongoing probe by the prosecution authorities. We also expect that the interests of bona fide possessors of the promissory notes in question will be protected.

We are especially concerned that a loss of public confidence in banking institutions is feared to adversely affect the overall spectrum of our economic development efforts, not to speak of the harmful effects the bank has inflicted on itself.

Notwithstanding the scandals, our firm belief is that the absolute majority of bank employees are honest and faithful. Yet, in view of the immeasurable impact a banking irregularity may have on the nation's economic mechanism, the latest mishap should be made an occasion to insure rectitude in deeds. Supervisory organs of financial institutions must look carefully into what security failures allowed the perpetrators of such wrongdoings to escape detection. Resolute endeavors through a forceful approach must be directed at building up a wholesome environment in the banking world.

DJP Urges Government's Apology

SK290138 Seoul THE KOREA TIMES in English 29 Sep 83 p 1

[Text] Rep Chin I-chong, chairman of the ruling Democratic Justice Party strongly urged yesterday the government to apologize to the people for the frequent occurrence of sensational banking irregularities.

He also said that the administration should establish fundamental counterplans to prevent such scandals as those involving Myongsong Group and Yongdong Co from taking place again.

The DJP leader was speaking before the cadres of the party district chapters throughout the nation, who entered the Central Political Training Institute in Karakdong.

He said that the Myongsong and Yongdong scandals were resulted from the existing accumulated irregularities of the past.

In his speech, Chin also said that his party does not see any reason for advancing the next parliamentary elections, disbanding the current 11th National Assembly.

Referring to the opposition party's voice for the amendment of the Constitution to adopt a direct presidential election system, he said, "The claim of some "thoughtless" lawmakers of the opposition party is absurd. We have pledged to a seven-year single presidential term."

DKP FORMULATES ASSEMBLY STRATEGY--On 26 September, the Democratic Korea Party [DKP] held a general meeting of the party's lawmakers and adopted a resolution regarding its policy for the forthcoming regular National Assembly session. YONHAP PREVIEWS ASTA CONFERENCE IN SEOUL

SK240527 Seoul YONHAP in English 0300 GMT 24 Sep 83

[Text] Seoul, 24 Sep (YONHAP)--The 53d world travel congress of the American Society of Travel Agents (ASTA) will open at the Sejong Cultural Center here Sunday with more than 3,800 delegates from travel agencies in 128 countries attending.

Senior officials of the Korea National Tourism Corp, which is host for the international tourism gathering, said that all the preparations for the event were "perfect." More than 6,500 travel-related professionals and their families will be here to promote their interests in Korea and to seek safeguards on the freedom of travel.

For the first time in ASTA's history, the congress will attract more travel agents than airline representatives, and personnel from hotels, rental car agencies and shipping lines. Travel agents will account for 67 percent of the congress's participants.

William H. Hunt, chairman of the ASTA board and chief executive officer, views this as significant. The travel agents themselves will get to know the Korean people and gain insight into Korea. As a result, Korea can expect to be included in the travel agents' itineraries, he said.

The ASTA Congress, which will last through September 30 under the banner "Korea, gateway to growth," will not be all fun and games, however. Seminars on Asia, the training and education of travel agents, and prospects for the future will round out the congress' activities.

Because ASTA is interested in safeguarding the traveling public against unethical practices and promoting the interests of the world's travel industry, it is expected to address the Soviet attack on a Korean passenger jet September 1.

Hunt recently sent special messages to all ASTA members requesting that tourism to the Soviet Union be curtailed as part of further economic sanctions against the Soviets for shooting down the unarmed Korean Air Lines (KAL) jetliner.

The participants in the Seoul congress will no doubt support Hunt's call and actions taken by the International Civil Aviation Organization (ICAO), the airline pilots of the Western nations and other world organizations and countries, a congress organizer here said.

During Sunday's opening ceremony, U.S. Ambassador to Korea Richard L. Walker will read a message from President Ronald Reagan that denounces the Soviets for their firing of missiles at the KAL passenger plane.

A tourism conference of such magnitude and prestige not only benefits the ASTA delegates but also the host country. ASTA has found that after a congress has been held in a place, tourism there increases, Hunt said. For example, Miami, Fla, the site of last year's ASTA World Congress, subsequently recorded a 40 percent increase in tourism.

ASTA has about 19,000 members in 128 countries, including the Soviet Union, Hungary, East Germany and other communist countries. Soviet and East German delegates were to attend the Seoul congress, but they reportedly have canceled their visit due to the KAL incident.

Meanwhile, Robert C. Lonati, secretary general of the World Tourism Organization (WTO), a UN organization, arrived in Seoul Friday for a five-day visit. He is to have a series of talks with Foreign Minister Yi Pom-sok, Transportation Minister Yi Hui-sung and other senior government officials to discuss the matter of staging the seventh general meeting of the WTO in Seoul in 1987.

The 65-year-old French secretary general also will attend the ASTA Congress. He has served in the post of the special UN organization since 1975.

LARGE COAL DEPOSIT FOUND IN KANGWON-DO

SK240053 Seoul THE KOREA HERALD in English 24 Sep 83 p 3

[Text] A new large-scale coal deposit has been found in the Samchok coal field in Kangwon-do, some 200 km east of Seoul.

The state-run Korea Mining Promotion Corp (KMPC) announced yesterday that the new deposit has an estimated 52.6 million tons of high-quality hard coal reserves with 6,200 kilo calories.

The new coal deposit, existing 430 meters to 1.1 km underground, has well developed coal veins with thickness ranging from 2.2 meters to 12 meters, according to a KMPC official.

The rated coal reserves of 52.6 million tons are equivalent to 2.5 times the nation's annual coal production of 21 million tons, he explained.

Hanbo Group, a developer of the new coal mine, will begin mining coal from that mine beginning late 1986 after a three-year development work. The annual production capacity is estimated at one million tons, the largest among the country's coal mines, the official noted.

The potential value of the new coal mine is rated at 563.8 billion won in terms of current market price basis, he said.

The state-run corporation plans to conduct more exploratory work in the areas stimulated by the encouraging results of the first exploratory drilling, he said, adding that a considerable amount of hard coal is likely to be found by more exploratory drillings.

The exploratory drilling project is part of KMPC projects to explore indigenous energy resources, thus reducing the nation's dependence on imported energy mainly crude oil, the official said.

According to the official, it is estimated that the nation's coal reserves are nearly 1.5 billion tons, of which 600 million tons are thought to be recoverable with present technology.

The biggest coal field in Korea is the Samchok coal field in Kangwon-do, which possesses 44.5 percent of the recoverable reserves and 33 percent of the total reserves.

The KMPC also announced that a recent exploratory drilling has hit a zinc deposit of viable size in Bonghwa-gun, Kyongsang Pukto and a pagodite deposit in Haenam-gun, Chollâ Namdo. Pagodite is largely used as a fire-resistant material.

The newly found zinc deposit is of very high quality with zinc containment averaging about 9.4 percent. The proven zinc reserves are estimated at 3.7 million tons. The zinc deposit was found at a depth of some 1,000 meters and thickness of the ore vein runs an average of seven meters, it said.

A preparatory analysis of the samples of zinc deposit showed that the deposit also contained a high grade of lead ore.

In view of the geological features of the area, the official said, significant amounts of zinc ore are expected to lie at deeper locations.

The nation currently imports zinc ore amounting to \$20 million worth annually to meet its domestic demands.

The zinc deposit will be mined next year with the expected annual production capacity of between 500,000 tons and 600,000 tons, according to the official.

Meantime, the pagodite deposit turned out to have a proven reserve of 3.2 million tons and its mining will start next year, according to the official.

SELF-RELIANCE IN GRAIN PRODUCTION--Chinchon, Korea, 19 Sep (YONHAP)--President Chon Tu-hwan over the weekend emphasized the necessity of becoming self-reliant in grain production and pointed out that grain, like oil, is becoming a kind of a "strategic weapon." During a luncheon with farmers and provincial leaders here, Chon also said Korea's gross national product (GNP) will reach 100 billion U.S. dollars by 1988 if the nation continues to produce bumper crops like this year. "If the 100-billion dollar GNP is achieved in 1988, then the pace of growth will have been accelerated and the GNP could reach 200 billion dollar levels in a few years," he said at this provincial town 85 km southeast of Seoul. Korea will eventually join the ranks of advanced countries, Chon continued. In the morning, the president, accompanied by aides and provincial officials, joined farmers in harvesting rice at a paddy in a village here. The government will continue to construct dams and reservoirs to allow all-weather farming free from drought, Chon said. Chon also stressed the need for improving tree species and planting trees with higher price tags to strengthen the national economic strength. [Text]

The foreign delegates have been arriving here to attend the world lawmakers' forum to open on Sunday and continue through October 13.

The curtain will be raised at 10 a.m. Sunday with a meeting of the Executive Committee, followed by a council session Monday.

The opening ceremony for the general conference will be held at 10 a.m. Tuesday at the Sejong Cultural Center.

The world politicians will discuss major world issues, including the matter of strengthening the United Nations function for the more effective disarmament, during the 11-day session.

At present, the Seoul meeting is expected to be attended by delegates from about 70 of the total 98 member nations and from many of the 26 international organizations, according to the officials of the organizing committee.

The anticipated reduction in the number of participating countries was apparently caused by the aftermath of the Soviet Union's shooting down of a KAL civil passenger jetliner with 269 persons on board, they said.

They forecast that the foreign delegates to the world lawmakers' caucus will number around 800.

As of yesterday, 51 delegates, from 15 countries had arrived in Seoul to take part in the forum, with Marcel Prud'homme, leader of the Canadian delegation being the first arrival.

Twenty-three members of the staff of the IPU Secretariat based in Geneva arrived in Seoul. They include Pio Carlo Terenzio who came yesterday, and Gregory Kovrizhenko, assistant secretary general, who is a Russian.

NODONG SINMUN STRESSES KNOWLEDGE ON HOMELAND

SK161555 Pyongyang KCNA in English 1517 GMT 16 Sep 83

[Text] Pyongyang, 16 Sep (KCNA)--NODONG SINMUN today carries an article headlined "To Know Well of Their Homeland Is an Important Duty of the Revolutionaries" upon the lapse of 40 years since the great leader Comrade Kim Il-song published a classic work "The Korean Revolutionaries Must Know Korea Well."

The article says: The great leader Comrade Kim Il-song, in his historical speech to political cadres and political instructors of the Korean People's Revolutionary Army on September 15, 1943, indicated the need to deepen study about the fatherland and its content and immediate tasks to accelerate the great event of national liberation.

To know well of their homeland is an important duty of the revolutionaries and people.

They should know well of their homeland, above all, to foster ardent patriotism.

Love of the homeland is as precious as their lives for the revolutionaries.

To know well of one's homeland is a prerequisite to patriotism. Patriotism is ideological sentiments which stem from understanding of all excellent things of the country and people.

One is possessed of patriotism only when he has a good knowledge of the history and culture, nature and geography of his homeland and the noble morality and customs of the people.

And only when the revolutionaries and people know well of their homeland can they successfully carry out the revolution and construction on their own responsibility.

Carrying out the revolution and construction on one's own responsibility means adhering to the independent and creative stand, taking the attitude befitting the masters towards the revolution and construction of one's country.

A good knowledge of one's homeland and people is a basic guarantee for displaying chajusong (independence) and creativity in the revolution and construction.

In view of this importance, work has always been strengthened among the revolutionaries and people in our country for helping them gain a good knowledge of the homeland.

The great leader Comrade Kim Il-song, even in the difficult days of the anti-Japanese armed struggle, energetically conducted this work among the guerrillas and people.

This work is being successfully carried on by our party today.

What is important in our party's guidance of this work is to guide them to know well about the glorious history of the revolution and imperishable feats of the great leader Comrade Kim Il-song.

With the restoration of the lost country by the great leader Comrade Kim Il-song, our country has become a cradle of happiness which ensures the people a true life. Therefore, our party advanced the idea that to know well about the history of the revolutionary struggle of the great leader Comrade Kim Il-song and the undying feats performed by him is essential in knowing the fatherland and has thoroughly embodied it.

Our party also guides the entire people to know well of the new looks of the country which has changed under the wise leadership of the great leader Comrade Kim Il-song, while gaining a good knowledge of the history and culture of our nation.

Under the wise guidance of the party our people have become to know well of the political and economic power of our country and proud achievements made in science, education and culture and art and made a firm determination to defend this great homeland with the dedication of their lives and constantly strengthen and develop it.

Today our party has put forward a new and unique idea that the bosom of the fatherland is the great leader's bosom itself, the article notes. It calls upon the party members and working people to make a deeper study of the glorious history of the great leader Comrade Kim Il-song in the building of the country and imperishable exploits performed by him for the fatherland.

MINJU CHOSON also carries an article on the 40th anniversary of the publication of the work of the great leader.

Our government highly estimates Korea.

At the Sixth Congress of the Workers' Party of Korea the great leader President Kim Il-song advanced the proposal for founding the Democratic Confederal Republic of Koryo as a means of achieving the independent reunification of the divided country.

Our government considers that the proposal is a most reasonable and just one for the reunification of Korea.

The foreign troops' presence in South Korea and all acts of the U.S. forces there must never be tolerated, I think.

Pointing to the Korean visit of the Bangladesh Government delegation, the deputy chief martial law administrator said in his speech: During our visit to Korea, we had the privilege of being received by His Excellency Respected President Kim Il-song.

President Kim Il-song is a very kind person.

He personally invited us to a luncheon.

Through the recent Korean visit, I have clearly realized that respected President Kim Il-song is a boundlessly tender-hearted person and is the great leader not only of the Korean people but also of the world people, who is struggling for the strengthening and development of the non-aligned movement.

I would like to say that he is an outstanding genius produced by mankind.

Noting that he received valuable teachings from the great leader President Kim Il-song about a series of political questions, questions of many-sided cooperation and exchange between the two countries and present international issues, he continued:

Respected President Kim Il-song has a most correct view on the important international questions at present and a clear idea of their solution.

In the question of Korean reunification, we call for the realisation of independent and peaceful reunification based on the July 4 North-South joint statement.

The meeting was followed by a grand banquet.

The attendants at the banquet drank toasts to the [words indistinct] the great leader Comrade Kim Il-song and the dear leader Comrade Kim Chong-il and to the good health and long life of His Excellency Hussain Muhammad Ershad, chairman of the Council of Ministers.

GREETINGS SENT TO KIM CHONG-IL

San Marino Greetings

SK200841 Pyongyang KCNA in English 0822 GMT 20 Sep 83

[Text] Pyongyang, 20 Sep (KCNA)--The dear leader Comrade Kim Chong-il on September 13 received a message of thanks from Volpinari Antonio, general secretary of the Socialist Party of San Marino, leaving our country.

The message says: My visit to your country was a manifestation of solidarity and friendship of the Socialist Party of San Marino for the Workers Party of Korea and an expression of its support to your people's cause and struggle for Korean reunification.

The decision to hold the forthcoming Inter-Parliamentary conference in Seoul is unjustifiable, which would obstruct the reunification of Korea, I think.

The parliamentary group of the Socialist Party of San Marino, though it recognises the value of the Inter-Parliamentary conference, thinks that the conference will have a negative influence on Korea's reunification and peace for its convocation in Seoul. Back home, we will take an appropriate stand to clearly manifest such view of ours.

I extend fraternal greetings to you, comrade, hoping that the relations between our two parties and two countries will grow stronger and develop.

Comrade Kim Chong-il, member of the Presidium of the Political Bureau and secretary, of the Central Committee of the Workers' Party of Korea, visited the People's Republic of China in June this year upon the invitation of respected Comrade Hu Yaobang. His China visit was a new landmark in keeping shine the Korea-China friendship which was cemented with blood in the flames of the arduous revolutionary struggle and has withstood all tests of history.

The Korean visit of the Chinese party and government delegation with Comrade Peng Zhen, member of the Political Bureau of the Central Committee of the Communist Party of China and chairman of the Standing Committee of the National People's Congress of the PRC, as its head and Comrade Hu Qili, member of the Secretariat of the CPC Central Committee, as its deputy head, has made a great contribution to further consolidating and developing the traditional friendship and solidarity between the parties, governments and peoples of Korea and China.

U.S. ANTI-NICARAGUA MOVES CRITICIZED

SK170444 Pyongyang KCNA in English 0411 GMT 17 Sep 83

[Text] Pyongyang, 17 Sep (KCNA)--NODONG SINMUN today comments on the unceasing bombing of major objects of Nicaragua including the Managua airport by planes of the mercenaries of the U.S. imperialists.

Branding this as a renewed grave escalation of the anti-Nicaragua aggressive moves of the U.S. imperialists, the author of the commentary says: The U.S. imperialists had committed a ceaseless anti-Nicaraguan piracy by massing many warships of theirs in the Nicaraguan waters while sending the Somoza remnants and Honduran reactionaries frequently into the Nicaraguan territory to commit provocations. And now they have started committing aggressions against Nicaragua from the air.

The U.S. imperialists scheme to intensify bombing of her. [as printed]

The Nicaraguan situation is developing to a grave phase due to the U.S. imperialists' anti-Nicaragua aggressive acts which are getting ever more unscrupulous.

The U.S. imperialists' armed intervention in Nicaragua can never be overlooked. It must be thwarted decisively.

Should the U.S. imperialists persist in their reckless campaign to attain their aggressive aim in Nicaragua, they would face a more vehement protest and denunciation of the world people and land themselves in a more serious isolation in the international arena.

The U.S. imperialists must promptly take hands off aggression and intervention off Nicaragua.

[Text] Pyongyang, 15 Sep (KCNA)--Papers here today dedicate articles to the independence day of Nicaragua.

A signed article of NODONG SINMUN says: The Nicaraguan people who had covered a road of ordeals even after they were freed from the Spanish colonial yoke on September 15, 1821, overthrew the Somoza pro-U.S. dictatorial regime under the leadership of the Sandinist National Liberation Front in July, 1979 and won victory in the people's revolution.

After the victory of the revolution the Nicaraguan people under the correct leadership of the Sandinist National Liberation Front and the Government of National Reconstruction are waging a powerful struggle to consolidate the revolutionary power, strengthen national unity and effect social changes, advancing towards socialism. The U.S. imperialists who hate the victorious advance of the Nicaraguan revolution are framing new war plots against Nicaragua.

But, no manoeuvres of the enemy can frighten the Nicaraguan people.

The Korean people express firm solidarity with the Nicaraguan people in their just struggle and sternly denounce the anti-Nicaraguan moves of the U.S. imperialists and their stooges.

The Korean and Nicaraguan peoples are close comrades-in-arms and brothers fighting shoulder-to-shoulder on the same front against U.S. imperialism, the common enemy.

The Korean people will always stand as ever on the side of the Nicaraguan people who are fighting for the just cause.

NODONG SINMUN VIEWS GENEVA MEETING ON PALESTINIANS

SK181108 Pyongyang KCNA in English 1053 GMT 18 Sep 83

[Text] Pyongyang, 18 Sep (KCNA)--Delegates of many countries denounced the Israeli aggressors and expressed full support to the Palestinian people's struggle at the conference on the Palestinian question held in Geneva.

This is the topic of a commentary of NODONG SINMUN today titled "Firm Support to Palestinian People's Just Cause." Pointing out that the question of Palestine and the Middle East is becoming more complicated due to the manoeuvres of the Israeli aggressors and the imperialists, the author of the commentary says:

So long as the Israeli Zionists persist in their criminal acts, peace and security in the Middle East cannot be ensured nor can a fair settlement of the Middle East problem be realized.

It is an inviolable right of the Palestinian people to restore their lost homeland.

The Israeli aggressors must withdraw from the territory of Palestine.

The righteous demand of the Palestinian people to take back their homeland from the Israeli aggressors, found an independent state of Palestine and restore their national rights must be recognized and met as early as possible.

Today the Palestinian people under the leadership of the Palestine Liberation Organization, their sole legitimate representative, are fighting against imperialism and Zionism and for the complete liberation of their homeland and the restoration of their national rights, not yielding to difficult conditions.

The Korean people will support actively as ever the just struggle of the Palestinian people and the struggle of all Arab peoples to retake the occupied Arab lands.
